FOR IMMEDIATE RELEASE

FOWLER ROAD TO BE TEMPORARILY CLOSED

FORSYTHCOUNTY, Georgia – Fowler Road will be temporarily closed to through traffic for two days beginning Saturday, October 22. This temporary closure will allow for the installation of triple cross drains for the State Route 9 at Fowler Road intersection project. The road is slated to re-open to through traffic late on Sunday, October 23. This work was previously slated to occur October 8 and 9 but was re-scheduled for October 22 and 23.

"We appreciate motorists' patience during this temporary closure," Director of Engineering John Cunard said.

The project is funded by the county's current Special Purpose Local Option Sales Tax program, SPLOST VI.
