

## Forsyth County Purchasing Department

---

June 17, 2010

### **ADDENDUM #1 Bid 10-17-3150**

For: Bethelview Road/Drew Road Intersection, Forsyth County, Georgia

This addendum supercedes and supplements all portions of the bidding documents and becomes part of the contract documents for the above referenced project.

Where any item called for in the specifications or indicated on the drawings is supplemented hereby, the original requirements shall remain in effect

Where any original item is amended, voided or superceded hereby, the provision of such item not so specifically amended, voided or superceded shall remain in effect.

#### **Response to questions received:**

**1. Is installation of new 12" water main part of this project?**

*The water line located on the west side of Bethelview Road is a Forsyth County water line and only a fire hydrant, valve adjustment, and a water meter adjustment is required. Project pay items are provided. The water line on the east side of Bethelview Road is a City of Cumming line. The City of Cumming will relocate this line as a utility owner.*

**2. Is there an approved contractors list for companies approved to work on sewer and water?**

*No, we do not maintain an approved list. Contractor doing this type of work must be qualified and have the appropriate utility license.*
