Please share any comments, including construction concerns: We need traffic signal at  
Bridleton Intersection, as we have more than 300 houses on two  
neighbourhoods and also chatahoochie park gets visitor on specific day  
and events conducted and new folks drive into the park and exit and  
they had no idea about the traffic and sometimes main unexpected turn  
which were causing traffic & accidents. In past two year there were  
two major accidents occurred and luckily there were no fatalities.

Please share any comments, including construction concerns: I Support the project for widening Old Atlanta Road. I live near the intersection of Old Atlanta and Chattahoochee Rd. There is lot of traffic from Bridlestone, Reserve communities and public visiting Chattahoochee Park. With traffic increasing day by day and higher speeds on old Atlanta it is harder to take Right or left turn at that intersection. We request you to install traffic signal.

① Bethany Church needs full break for turns - a degree of space exists between intersections

② Ensure drainage of front yard

③ If possible decrease slope of hill from road to church building to make maintenance easier.

④ Use concrete median not landscape green in front of church to minimize width of road, reduce costs

Concerned about the loss of property in front of Olde Atlanta Club especially having an ugly guard rail when our subdivision works so hard to beautify the entrance of our subdivision. Glad there will be a light.

Please share any comments, including construction concerns: Why not do this  
the correct way! Across from entrance of O.A.C. there  
are not <sup>any</sup> contractions. Take more of the curve <sup>out</sup> of Old Atl.  
Rd. into that elevated hill - using retaining walls is  
necessary. It's ridiculous not to take out that side across  
from OAC Guard House - and save our front entrance & decrease  
the curve! Put the light at the 2 subdivisions to our left. They need  
it more.

Please share any comments, including construction concerns: \_\_\_\_\_

Plan is 180° opposite  
from what it should be. You are worsening  
one of the most severe bends in C&A  
and destroying OAClub entrance. While  
across the road is dead land and will  
reduce the bend. Elevation argument  
is not an engineering logical position

## Transportation Project Public Information Open House Comment Card

Please share any comments, including construction concerns: ① Please provide a copy of the traffic Report for Old Atlanta and Read Road intersection and date of study. Exiting the Reserve on Read Road to turn left is quite difficult now and without a traffic light will be very dangerous in future. Our current traffic stop sign has be moved down three times in the last 2 years and there have been multiple MVA's ② What striking length is required to get a stop light at Read Rd.

1. Proposed tie into our driveway is incorrect. Does this change easement plan
2. Stormwater runoff drainage isn't shown, what is the plan?
3. Our sign needs to be clearly visible once construction is complete.
4. We request a full median break to prevent u-turns, especially at the intersection south of us.
5. More Gradual Grading for mowing and maintenance purpose →

We need traffic light at Bridleton subdivision.  
As it is also entrance to Chattahoochee Pointe Park,  
traffic is high. Taking a left is already difficult.  
A lot of teenagers will have difficulty without it.

The entrance of Old Atlanta Club needs  
to be moved away from the golf course  
so the entrance wall is not removed.  
The road needs beautification as well.  
Smart lights used at all community  
entrances.

⑤ Beautification of median on road — not just grass w/ weeds  
① Light at Olde Atlanta coming South will cause accidents on blind curve coming to light. Fear for safety → straighten curve? 2-lane road makes faster traffic!!

② Smart light? Will light only trigger to get out of Olde Atlanta when car comes to get out. How long wait?

④ Destruction of front & large trees. Replanting?

③ Use of Roundabout to slow traffic as other counties are

Address: 5701 Old Atlanta Rd. - Bethany P.B. Church

Please rate your support for this project:

Strongly Support	Somewhat Support	Unsure	Somewhat Do Not Support	Strongly Do not Support
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please share any comments, including construction concerns: ① Need for a break coming out of church. Left turn lane in and left turn out. If no left turn in would have to U-Turn at next break (no light) concerned with safety.  
② Re-location of (Sign)!  
③ Storm water runoff from field after construction?  
④ Grading into field from road to be gradual slope, not steep drop.

## Transportation Project Public Information Open House Comment Card

Strongly Support	Somewhat Support	Unsure	Somewhat Do Not Support	Strongly Do not Support
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please share any comments, including construction concerns: at this time, our community has difficulty with ingress and egress from the Overlook. During heavy traffic periods, its very hard to find an opening between N + S bound traffic. We hope the turning lane and widening will alleviate this situation.

Please share any comments, including construction concerns: Currently our community has difficulty with ingress & egress from our residential complex during heavy traffic time - 2hrs am & 2hrs pm. We often times have delays in front of our entry way with morning traffic stalled on Old Atlanta.
