

New Travel Policy
Effective 7-14-09

Each park may form a travel team in every age group, beginning at age 9 for baseball and age 9-10 for softball, as long as that park also had at least one recreation team in that age group. Any additional travel teams in a park would then be approved or denied by the FCPRD Athletic Staff on a case by case basis.

All existing county approved teams may continue to compete as travel teams for the 2010 season and beyond as long as they remain sponsored by their respective booster club and meet other county requirements. All county approved teams are expected to have 75% county residents. This percentage may be altered slightly, on a case by case basis, and must be approved by the FCPRD.
