PRESENTED TO

**Forsyth County
Georgia**

For the Fiscal Year Beginning

January 1, 2020

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Forsyth County, Georgia for its annual budget for the fiscal year beginning January 1, 2020. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

County Manager's Budget Message

Kevin Tanner, County Manager

Dear Citizens of Forsyth County:

I am pleased to present to you the Forsyth County Adopted Budget for Fiscal Year 2021. This budget reflects all funds that constitute the budget adopted by the Board of Commissioners for the fiscal year beginning January 1, 2021 through December 31, 2021. The total annual budget is \$394.6 million.

This comprehensive document reflects the combined efforts of citizens, elected officials, constitutional officers, and county staff to build a financial and operational plan to carry out the county's mission and vision through the provision of high standards of service to the community. The document is developed using national standards intended to communicate information in a manner that is understandable to a wide variety of potential users and, importantly, to convey the policy direction of the Board of Commissioners.

Forsyth County property owners continue to benefit from the lowest tax rate within the largest counties in Georgia due, in part, to a healthy tax digest (tax base). This year, the Board of Commissions reduced debt millage while voting to levy the same maintenance and operations and fire millage rate. The Commission also funded the capital budget for needed capital equipment replacements in accordance with the county's financial policy. New infrastructure, regardless of the source of funding, requires ongoing operating dollars for operation and maintenance that largely fall into the General Fund, the Fire Department Fund, or the Water and Sewer Fund.

The first two are heavily dependent on property tax revenue. Although there were many challenges that communities faced in 2020, Forsyth County continued to have growth, experiencing a 2.1 percent increase in the tax base due to higher reassessments. Our Water and Sewer Fund benefits from a rate updated that began in 2018, and their annual indexing that began in 2020 allows us to better sustain operations.

While many things changed in 2020, many things remained the same. As it became apparent that social distancing and limited inside capacity would be a longer-term requirement, the County quickly pivoted. We were able to continue to provide services for residents by building upon the web-based platforms that had been introduced over the last several years. Our department directors worked quickly to ensure that those employees who could work remotely did, providing resources that enabled our employees to continue to assist residents.

And even in the middle of a pandemic, the County continued to move forward. We celebrated new amenities at County parks, including tennis courts, playgrounds and a dog park. We moved forward on transportation projects and broke ground on the interchange at Georgia 400 and 369. Numerous other interchange safety, sidewalk and road projects were completed. We opened a new fire station in the western part of the County and we broke ground on a new Juvenile Justice Center, which will help us better serve this unique population.

As we look to the future, we will continue to focus on our customers – Forsyth County residents – and ensuring they receive the best possible service from the County. We'll have enhanced ways for residents to interact with us, as well as receive information about County news and services including a redesigned website and a County mobile app. We are also looking to open a call center, so that every call is answered by a real person.

County Manager's Budget Message Continued

Traffic and congestion continue to be the top concerns of our residents and we are working to help alleviate it. There are multiple transportation projects that are underway, including:

- McGinnis Ferry Rd. at SR 400: Creation of a full diamond interchange and widening of McGinnis Ferry
- Ronald Reagan Blvd.: Extension of the road from Majors Rd. to McFarland Pkwy, with sidewalk/multi-use path
- Old Atlanta Rd. (Phases IV & V): Widening of existing two-lane road to four lanes from St. Marlo Country Club Pkwy. to James Burgess Rd.
- SR 400 and SR 369: Creation of a partial cloverleaf interchange and widening of SR 369
- SR 400: State project to add express lanes from McGinnis Ferry Rd. to the North Springs MARTA station

Forsyth County is fortunate to have the financial strength that allows us to control our own destiny. We are grateful to our citizens for their support of the Transportation Bond and SPLOST, which have enabled us to undertake these projects that will improve the quality of life for all who call Forsyth County home.

In strengthening our financial management practices, we updated and expanded our debt policy, created a multi-year forecast to confirm the sustainability of our finances, developed a multi-year CIP to replace individual capital plans for different functional areas, and identified strategic priorities (discussed in a later section). Our County is part of a select group of issuers with AAA/AAA/Aaa bond ratings from S&P, Moody's and Fitch that has allowed us to issue debt at the lowest interest rates.

Because Forsyth is recognized as one of the best places to live, work and play, we continue to draw others to our community. Smart, sustainable growth will be important moving forward. This includes the need for continued upgrades to infrastructure and amenities such as water, roads, parks and fire stations. Ensuring we have the resources necessary to complete these projects is important. We will be sharing these needs and the various ways we can fund them with our community over the next few months.

Thanks to all who participated in the crafting of this 2021 budget and who will join us as we continue to look forward to Forsyth's future.

Forsyth County Transmittal Letter

To: Forsyth County Board of Commissioners

From: David G. Gruen, CFO

CC: Department Heads, Elected Officials

Date: March 29, 2021

Re: **2021 TRANSMITTAL LETTER**

On behalf of the entire Forsyth County staff, we are honored to present to you the FY 2021 (January 1, 2021 – December 31, 2021) Annual Operating Budget which represents our overall action plan for providing county services for the upcoming fiscal year. The budget contains recommendations based on direction provided from all county department heads, elected officials and outside agencies.

The FY 2021 Budget is balanced for all funds and totals \$394,552,411 with the breakdown by fund type as follows:

General Fund	\$151,830,782
Special Revenue Funds	65,072,931
Capital Projects Funds	41,448,915
Debt Service Funds	14,610,694
Enterprise Funds	80,154,234
Internal Service Funds	41,434,855
Total	<u>\$394,552,411</u>

The county uses a modified accrual basis of budgeting for all governmental funds and full accrual for proprietary funds which mirrors the county's basis of accounting for the audited financial statements. All operating and capital expenditures are analyzed and covered by current revenues and available fund balance in accordance with the county's fiscal reserve policy. The FY 2021 county budget for all funds and activities increased by 5.59% compared to the FY 2020 budget. The following is a general overview of the county's outlook and status of the county's General Fund.

The overriding priority, as expressed in both the budget meetings and county Commission meetings, was to have no increase in property tax rates. This rose even higher in importance considering the issues our taxpayers are facing in the pandemic induced, recessionary economic environment. At the same time, the county's priority driven budget is viewed as the vehicle for assuring the county has the ability and means to fulfill its mission and vision, which focuses on delivering effective, professional public service from an efficient customer service oriented government that preserves and enhances a high quality of life.

Forsyth County Transmittal Letter (continued)

Addressing both priorities is still important even as the property tax digest in 2020 improved with an increased of 4.67% over 2019. By acting to enhance the excellent quality of life, the county has been able to grow at a higher rate than any other county in the surrounding region. This has paid off. It now continues to trend in a positive direction due to a new construction from growth added to the tax rolls.

Quality of life initiatives include road-widening projects, bike path/sidewalks, greenway extensions, a new fire station, and increased recreation programming. Operating costs for these enhancements are included in the adopted budget. To relieve the burden on property taxes, departments have realigned their current resources, while grants and user fees have been applied where possible. Additional costs impacting the budget are the addition of a new fire station, the greenway extension and new park opening, as well as continued investments in technology to support our service delivery.

A more challenging pandemic business environment could potentially reduce sales tax collections through 2021. As a result, the county is conservatively decreasing the amount budgeted to come from these revenues. Any potential impact on the revenue budgeted from property taxes will not be realized until 2022.

In the higher total 2020 Tax Digest, over 2.1% of increase was due to higher reassessments. This enabled the Board of Commissioners to keep the total county millage rate the same without cutting services. The Commission also funded the capital budget for needed capital equipment replacements in accordance with the county's financial policy.

MAJOR BUDGETARY HIGHLIGHTS

- At 7.896 mills, the Board of County Commissioners voted to levy the same maintenance and operations millage rate (at 4.791 mills) and fire millage rate (2.175 mills) and lower the bond millage rate to 0.930 from 0.970 mills (down 0.040 mills).
- The adopted FY 2021 budget is balanced. The budget includes \$10 million in transfers to other funds from the General Fund, including \$3.3 million to fund the Capital Asset Replacement Program.
- The 2019 SPLOST VIII program, beginning July 1, 2019, projected to provide about \$274 million over six years for capital items and projects.
- Funding provided for Public Safety system \$1.4 million for system upgrades in FY 2021.
- Funding increased for employee healthcare program – +10% for participating employees in the higher cost plan along with no increase in employee contributions for those in the basic or HMO plans. Also, implemented program changes continue to moderate future cost increases, including opening the new Employee Health and Wellness Center providing professional services and medications at no cost to the employees and dependents.

Healthcare benefits costs were higher in 2018 and 2019 causing an increase for the employer contributions in 2020. Costs are budgeted to increase by 3.0% for FY 2020 over estimated FY 2019 the county self-insured plan continues to include an option for a high deductible plan. For 2017, the county added the Kaiser Permanente fully insured HMO option at lower costs while still providing quality healthcare. Employee participation in the new program increased through 2019. In addition, new measures recommended by the healthcare program consultant for Board action to control future cost increases have proven to be effective through 2019. The county has a self-insured healthcare program using Aetna as the third-party administrator (TPA) along with the Aetna preferred provider organization (PPO). In addition, the new Employee Health and Wellness Center opened in October 2019, providing professional services and medications at no cost to employees or dependents.

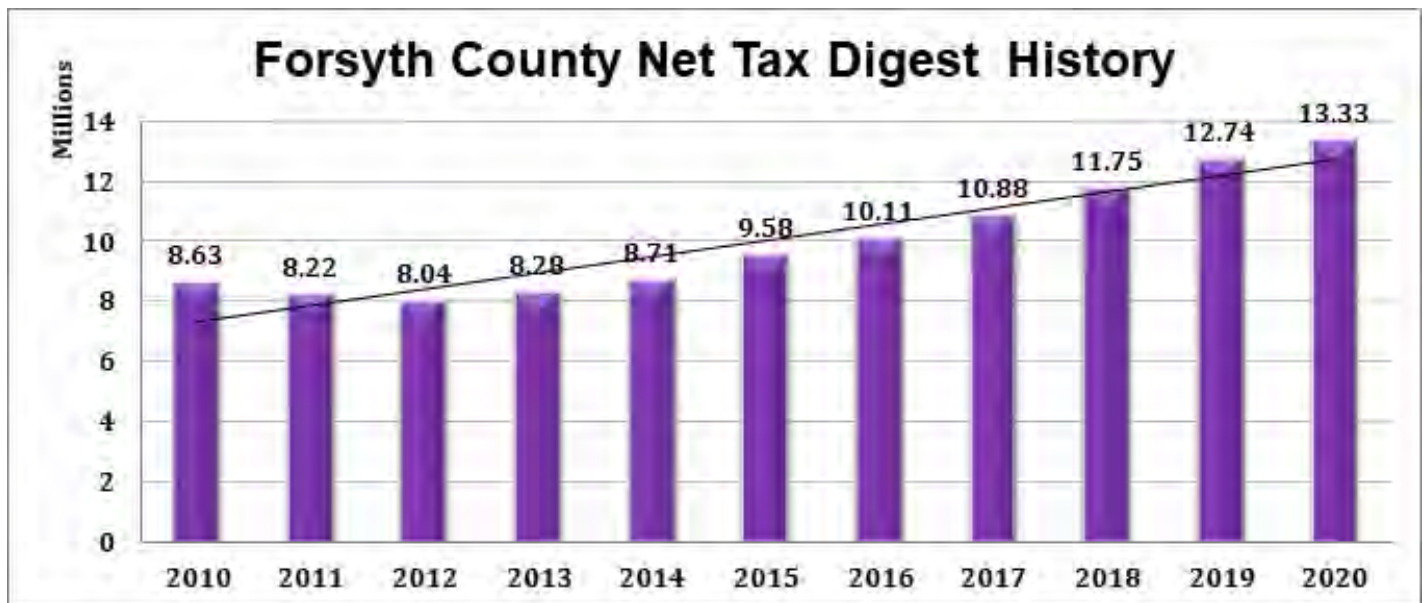

ECONOMIC OUTLOOK

A variety of economic indicators suggests that the national economy is experiencing a pandemic recovery with returning slow growth. Recent data shows that 2021 will provide modest inflation, extended low cost of borrowing with a projected rate of about 3.8% in the GDP, 1.7% Consumer Price Index increase, and improving unemployment at 6.5%. The county anticipates higher 2020 tax digest revenues than 2019 and recovering growth represented by an increase in sales tax revenues, single family permits, and utility connections. New residential dwelling unit permits are higher with a projected 2,300 to be issued for 2020, after the decline from an average over 2,500 annual single-family permits from 2016 through 2018 , to just over 1,800 in 2019.

The county addressed the following priorities while balancing the FY 2021 budget:

- Levying the same M&O and Fire millage rates with the property digest increasing by 4.67%
- Continuing the effective effort to control escalating healthcare costs and maintain service levels, new benefits options and employee wellness program, with the same FY 2021 budgeted rates
- Funding of \$1.7 million provided for salary cost of living adjustment [COLA] increases
- Support increased staffing for the Sheriff's Office for \$0.7 million for the jail and patrol coverage
- Providing ongoing public services while dealing with the economic uncertainties of the pandemic

Despite the recent years of economic uncertainty, the county's financial position remains strong and secure. The most noticeable impact has been the increase in the tax digest. The 2020 tax digest, which finances the FY 2021 budget, shows an 4.67% increase from the 2019 tax digest.

At their July 23rd meeting, the Forsyth County Board of Commissioners adopted the millage rates that will fund the county's 2021 Budget. The Board voted to keep the county's M&O and Fire millage rate the same, while decreasing the Bond millage rate. The county reduced the total millage rate from 7.936 mills to 7.896 mills. This includes no change in the millage rates for Maintenance & Operations (4.791) and Fire (2.175), while lowering the rate for Bonds (0.930 from 0.970).

GENERAL FUND

The General Fund is a Governmental Fund that serves as the chief operating fund for the county. It accounts for all resources obtained and used for those services commonly provided by counties which are not accounted for in any other fund. These services include general government; public safety; health and welfare; parks, recreation and culture; and housing and development. The primary sources of revenue for the General Fund are taxes & commissions; licenses & permits; fines & forfeitures; and charges for services.

GENERAL FUND REVENUE HIGHLIGHTS

Property tax revenue continues to make up the largest single source of county revenues. The Maintenance & Operations millage rate remained the same rate of 4.791 mills. Taxes collected from this rate are used in the General Fund. The FY 2021 budget projects one mill to produce \$12,932,789 at the collection rate of 97% in property tax revenue, an increase of about \$577,343 per mill from the previous year's estimate. The county's historical collection rate is 97%; therefore, property tax revenues are budgeted at 97%. We anticipate it will generate \$61,960,994 in taxes, a 4.67% increase from the 2020 budgeted property taxes.

General Fund Revenues by Type

TOP FOUR REVENUE SOURCES

Taxes: This revenue accounts for 78.3% of the total revenue for the General Fund. This category includes tax revenue recognized from property, motor vehicle, cable TV, alcohol excise, intangible property, real estate transfer tax, financial institutions, and local option sales tax (LOST). The total for FY 2021 is \$118,826,794, which is an 1.0% increase from the FY 2020 adopted budget. This increase is due to an increase in the digest as well as a decrease to other tax collections such as LOST, alcohol excise tax, and the Title Ad Valorem Tax (TAVT) on vehicles from the pandemic recession.

Charges for Services: This revenue accounts for 12.7% of the total revenue for the General Fund. This category includes revenue recognized from parks & recreational fees, judicial fees, sheriff & correctional fees, and sales of printed materials. The total for FY 2021 is \$19,230,088 a 7.0% increase from the FY 2020 adopted budget. This increase is mainly due to higher collections budgeted to come from the tax collection commissions and the rate increases in recreational fees.

Licenses and Permits: This revenue accounts for 4.0% of the total revenue for the General Fund. This category includes revenue recognized from business licenses, motor vehicles, alcohol licenses and building permits throughout the unincorporated portion of the county. The total for FY 2021 is \$6,109,000, which is a 4.6 decrease from the FY 2020 adopted budget. This decrease is mainly due to the decline in building permits issued.

Fines and Forfeitures: This revenue accounts for 1.6% of the total revenue for the General Fund. This category includes revenue recognized from fines related to the courts and restitution. The total for FY 2021 is \$2,495,000 a 3.0% decrease from the FY 2020 adopted budget. This decrease is due to a decrease in budgeted State Court fines.

GENERAL FUND EXPENDITURE HIGHLIGHTS

The Sheriff's Office utilizes the largest part of the General Fund, representing 34.3% of total expenditures in FY 2021. Other General Fund expenditures include the general government, judicial system, ambulance services, coroner, health and welfare, culture and recreation and housing and development. These functions account for 56.6% of General Fund Expenditures in FY 2021. The remaining 9.9% of the expenditures are for the transfer of General Fund resources to other funds and other financing uses. The largest single impact for FY 2021 in the General Fund was due to increased funding for new park operations, the judicial system, and public facilities costs. An increase of \$1.1 million for salary adjustments has been allotted for a 2% cost of living adjustment (COLA) for employees.

SPECIAL REVENUE FUNDS

A Special Revenue Fund is a type of Governmental Fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The county maintains the following special revenue funds:

- Law Library
- District Attorney Drug Seizure
- Sheriff's Office Drug Seizure
- Drug Abuse Treatment Education
- E-911 Center
- Jail Fund
- Victim Witness Assistance Program
- Juvenile Court Supervision
- Engineering
- Grant Fund
- Fire Fund
- Hotel/Motel Tax

ENTERPRISE FUNDS

Enterprise Funds are a type of Proprietary fund used to report an activity for which a fee is charged to external users for goods or services. The county uses enterprise funds to account for its Water and Sewer Authority and Solid Waste operation. Annual operating budgets are prepared for each enterprise fund for planning control and cost allocation.

INTERNAL SERVICE FUNDS

Internal Service Funds are also a type of Proprietary fund used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. The county maintains the following internal service funds:

- Risk Management
- Employee Health Benefits
- Worker's Compensation
- Fleet Maintenance

DEBT SERVICE FUNDS

The Debt Service Funds are used to account for the accumulation of resources for the principal and interest payment on all General Obligation Debt other than that issued specifically for enterprise activities.

For FY 2021, the Board of Commissioners, as required by law, levied an ad valorem tax on all taxable property within the county at 0.930 mills to pay the principal and interest on the Bonds as they become due and payable. This is a reduction of 0.040 mills, or 4.12% due to funding the second \$100 million in voter approved road projects from SPLOST instead of General Obligation bonds paid from property taxes.

The Constitution of the State of Georgia provides that the county may not incur long-term obligations payable as general obligation bonds without the approval of a majority of the qualified voters of the county or in excess of 10 percent of the assessed value of all taxable property within the county. Based upon the 2019 assessed value of taxable property after the issuance of the Bonds, the county could incur up to \$1,230,103,854 long-term obligations payable as general obligation bonds.

COMPUTATION OF LEGAL DEBT MARGIN

Assessed Value of Taxable Property as of December 31, 2019	<u>\$ 14,597,838,542</u>
Debit Limit 10% of Assessed Value)	\$ 1,459,783,854
Amount of Debt Applicable to Debt Limit	<u>\$ 229,680,000</u>
Legal Debt Margin	<u>\$ 1,230,103,854</u>

The current outstanding General Obligation and Sales Tax Debt includes:

- **\$3,320,000 Series 2013** - for the purpose of providing funds to finance the costs of acquiring, constructing, renovating, and equipping parks and recreational areas, programs, and facilities in the county. \$7,415,000 was refunded with the 2017 GO Bonds issued on 12/27/17.
- **\$9,925,000 Series 2015A** – for the purpose of providing funds to finance the costs of acquiring, constructing, renovating, and installing various roads, streets, bridges, and sidewalks in the county. \$63,395,000 was refunded with the 2017 GO Bonds.
- **\$55,970,000 Series 2015B** – for the purpose of refunding the General Obligation Refunding Bonds, Series 2008 in order to achieve debt service savings. The county was able to take advantage of low interest rates and reduce the county's total debt service payments by approximately \$4,967,439 at NPV. They bear interest rates at 5.00% and are payable on March 1st and September 1st of each year.
- **\$75,065,000 Series 2017** - for the purpose of refunding the General Obligation Refunding Bonds, Series 2015A in order to achieve debt service savings. The county was able to take advantage of low interest rates and reduce the county's total debt service payments by approximately \$4,067,632 at NPV. They bear interest rates of 3.00% to 5.00% and are payable on March 1st and September 1st of each year.
- **\$85,300,000 Series 2019** – for the purpose of providing funds to finance the costs of capital outlay projects. They bear interest rates from 5% and are payable on March 1st and September 1st each year.

Water & Sewer Revenue Bonds

The Forsyth County Water and Sewerage Authority and the county have entered into a Lease Contract. The county's obligations under the lease are absolute and unconditional and are secured by a pledge of the net revenues of the system and by a pledge of the county's full faith and credit. In the event revenues from the system are not available, the county has agreed to levy a tax on all taxable property located within the territorial limits of the Special Tax District, at such rates, without limitation, as may be necessary to make the lease payments.

The current outstanding Water & Sewer Revenue Debt includes:

- **\$10,835,000 Series 2011** – for the purpose of refunding \$1,420,000 of the Series 1998 Bonds, and to refund the remaining \$28,360,000 of the Series 2001 Bonds. The bonds bear interest from 2% -5% and will mature on April 1, 2025.
- **\$7,155,000 Series 2012** – for the purpose of refunding \$30,000,000 of the Series 2002 Bonds, in order to achieve debt service savings. The county was able to take advantage of low interest rates and reduce the county's total debt service payments by approximately \$5,624,189. The bonds mature April 1, 2032.
- **\$16,260,000 Series 2013** – for the purpose of refunding \$13,070,000 of the Series 2005A Bonds, and \$15,690,000 of the Series 2007 Bonds. The bonds will mature on April 1, 2028.
- **\$68,790,000 Series 2015** – for the purpose of refunding \$935,000 of the Series 2005A Bonds, and \$23,735,000 of the Series 2007 Bonds and new money of \$60,000,000 for the purpose of expanding the county's water and sewerage system. The bonds will mature on April 1, 2016 through 2037.
- **\$137,550,000 Series 2019** - for the purpose of refunding \$30,465,000 of the Series 2011 variable rate bonds and providing new money for expanding the county's water and sewerage system. The bonds bear interest from 3% to 5% and will mature on April 11, 2025 through 2049.

The county improved on it's already exceptionally positive credit ratings in the current fiscal year with Moody's (Aaa) and Standard & Poor's (AAA) for the Water and Sewer Revenue Bonds and the General Obligation (GO) bonds by adding a third AAA rating with the Fitch rating agency. Forsyth is one of only three counties in Georgia with the triple AAA rating. Because of this exceptionally high rating, the county is able to bond important transportation, water and sewer, and public safety infrastructure improvements and projects at very low interest rates. This will enable the county to more effectively plan and build for the future.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities, vehicles and equipment over \$5,000. The county budgets the following capital project funds:

The total amount budgeted for the FY 2021 Capital Projects is \$41,448,915 and includes:

- \$18,000,000 for Juvenile Justice Center
- \$10,021,629 for Reserves for Future Capital Outlay
- \$3,039,029 for the Neighborhood Identification Program
- \$2,657,000 for Public Facilities – Building and Improvements
- \$1,415,585 for radio system upgrades for Public Safety
- \$1,181,183 for the District Roadway Beautification Program
- \$1,080,200 for CARP funding for Machinery & Equipment
- \$875,000 for replacement and new vehicles for Sheriff's Office
- \$741,741 for CARP funding for Vehicles
- \$724,000 for CARP funding for Parks site improvements
- \$699,600 for transfer out to the lease pool
- \$392,177 for purchase of Communication Department equipment
- \$323,000 for CARP funding for computer hardware and software
- \$298,771 for Tree Ordinance site improvements

Forsyth County's Special Purpose Local Option Sales Tax (SPLOST) is a one-percent sales tax approved by Forsyth County citizens. SPLOST funds are a major source of county revenue for various capital projects. This tax has provided funding for infrastructure improvements and capital projects that otherwise may not have been possible.

On November 6, 2018, Forsyth County voters approved the continuation of the SPLOST program, with their approval of SPLOST VIII. SPLOST VIII collections will begin on July 1, 2019, following the expiration of the current SPLOST VII program. The collections will continue for six years, through June 2025. County projects slated to be completed with SPLOST VIII funding include:

- Transportation projects
- Fire Department - equipment and training facilities
- Scheduled replacement of fire engines
- Sheriff's Office - replacement vehicles and equipment
- Senior Services facility
- Waterline extensions
- Park projects - new facilities & renovations
- Animal Services projects
- Veterans Memorial

Forsyth County Transmittal Letter (continued)

The SPLOST VII program, was approved by voters November 8, 2011, went into effect July 1, 2013 and expires on June 30, 2019. Original projections for the six-year program anticipated collections of approximately \$210 million. Total collections are projected to exceed \$216 million.

SPLOST VII funds have been utilized for a number of projects throughout the county. Transportation projects funded by SPLOST VII include the following:

- Castleberry Road widening project (with SPLOST VI Funds)
- Sharon Road widening project
- Bike/Pedestrian path projects
- A number of intersection improvements throughout the county
- Annual street resurfacing program (with State grant funds).
- Union Hill/Mullinax Road widening project (with SPLOST VI Funds)
- Phases II and III of the Old Atlanta Road widening project (with SPLOST VI Funds)

Improvements to a number of County parks were funded by SPLOST VII including:

- Improvements at the green space passive use parks
 - Old Atlanta Park
 - Haw Creek Park
 - Chattahoochee Pointe

Other SPLOST VII Projects completed:

- Animal Shelter construction
- Fire engine replacements
- Sharon Forks Library expansion
- Administration Building renovations
- Emergency raw water generator at the Lake Lanier water intake facility

CONCLUSION

In conclusion, the FY 2021 budget does provide an acceptable level of funding for the county to meet its public service priorities while addressing significant financial issues. More needs to be done as we approach the FY 2022 budget process and the challenges that may need further attention.

Thank you for taking the time to review this budget document. We are very proud of the tremendous efforts and dedication we receive from the County Commission, various county departments, and elected and appointed officials for their investment in the preparation of our budget. We continue to work diligently to provide our residents with the high-quality scope of services they have come to expect from Forsyth County. Forsyth County Strategic Priorities

Forsyth County shares many of the same priorities as other local governments since we are in similar lines of business. However, they exist in Forsyth County within the context of one of the most rapidly growing counties nationwide (9th fastest since 2010) that is simultaneously experiencing higher service level expectations as Forsyth faces similar expectations to North Fulton municipalities. In this environment, there are both internal priorities (how we operate), as well as external priorities (how we address the growing population and increasing service expectations).

Internal Priorities:

Value customers through quality service - *We recognize that the county is a service provider and that all departments and agencies serve customers – both those internal to the county, and those external to our organization in the form of residents, businesses, non-profits, and other units of government. Customer service must remain a central focus, therefore, for all employees.*

- In 2019, the county initiated the first phase of customer service “311” software to track inquiries and complaints across departments in order to better track responsiveness of county departments.
- In 2019 the public gained access to supporting documents related to current zoning activity and permits through an interactive, and visual GIS-based tool “Insight2Forsyth.”
- A planning advocate position was created within the Planning and Community Development Department to help clients navigate planning and zoning processes.
- Customer service will continue to be a priority in 2021 and beyond in order to meet customer expectations through real-time, interactive access to information, and responsive staff.

Ensure sustainability of finances through revenue diversity and balance -*Local governments have an obligation to continue services regardless of the state of the national and local economy as well as meet financial obligations to bondholders. Forsyth County government serves not only in a typical county role but also as the provider of municipal services for more than 97 percent of the county population. While healthy reserves are important, it is equally important that the county not rely heavily on a single revenue source and that the economy not rely heavily on a single employer or industry.*

- Growth in the county tax digest (the property tax base) has been strong, and it is not dependent on any single employer or industry. Economic development activities are oriented towards shifting the tax base, over time, to rely less on residential property values by building the non-residential tax base.
- The county’s economic development ordinance, adopted in 2018, was modified in 2019 and will likely be updated in future years to fine tune the focus on building the non-residential tax base with a set of tools, and a strategic focus towards target industries.
- The Board of Commissioners authorized increases in water and sewer rates and tap fees in late 2018 as a result of a study of the county’s cost of related services and infrastructure. The Board authorized annual rate increases, beginning in 2020, to maintain rates.
- The Board similarly updated building permit and inspection fees in 2020 that had not changed in recent years.
- In 2021, the county will revisit impact fees for transportation, which are currently applied only to residential development, as well as consider updating impact fees for parks and recreation, libraries, and public safety (emergency management radios, and fire).

Forsyth County Strategic Priorities (continued)

Retain low cost of capital financing - Strong projected population and non-residential growth, major maintenance and replacement needs, and increasing service standards dictate the need for infrastructure investment. Impact fees, and water and sewer tap fees allocate proportionate costs of new infrastructure to new growth. Special Purpose Local Option Sales Taxes (SPLOST) and other revenues including grants may similarly contribute to capital costs, but the ability to finance capital over time allows the county to manage cash flow requirements, use tax exempt financing, and provide for “intergenerational equity” by allowing future users to share in the cost. To the extent that the county can maintain high bond ratings, the cost of borrowing is further reduced.

- The county received updated confirmation of its stable Aaa/AAA bond ratings from Moody’s and Standard and Poor’s twice in 2019, as well as receiving its first AAA bond rating from Fitch Ratings in November 2019.
- Reserve strategies are intended to preserve future bond rating

Manage resources efficiently - Mitigating the need for additional revenue by optimizing how existing revenue is used requires constant evaluation of the inputs to service delivery, and how services are delivered.

- New software was rolled out in the Planning and Community Development Department in 2020 that facilitates greater use of online submittals and electronic payments, and that expedites processing by replacing sequential reviews with concurrent reviews –including that by staff in several other departments.
- All departments were tasked, as part of the 2021 budget process, to assess opportunities for efficiencies – even if there is an upfront investment required to secure a stream of future savings.

External Priorities:

Create community identities - A recent proposed incorporation highlighted the importance of recognizing that different geographic areas need unique community identities. While the potential for one or more new cities within the county exists, the county has the opportunity – and perhaps, the obligation – to afford residents and businesses a sense of community regardless of whether such incorporations occur.

- The county's July 2017 Comprehensive Plan for the unincorporated areas of the county identified both needs and some opportunities for community identities. Several overlays have been created to provide unique land use requirements for designated areas of unincorporated Forsyth County.
- The 2021 budget provided annual funding for each County Commissioner to spend on creating unique identities within their commission district.
- External to the county budget, the South Forsyth Community Improvement District (South Forsyth CID) was approved by property owners in 2019, and a budget was adopted to use revenue from the added millage that the CID authorizes on non-residential property to make improvements within the CID boundaries beginning in 2020.

Provide a high quality of life - in relation to health, amenities, infrastructure, and services - It is the integration of multiple factors that lead to a sense of a high quality of life.

- The Board of Education is currently recognized for having among the highest ranked schools in the State, a high graduation rate, and high scores on college entrance exams.
- The county has an accredited parks and recreation program that has received the highest recognitions in the State.
- The Robert Wood Johnson Foundation has designated Forsyth County as the healthiest county in Georgia for the past eight years.
- Consistent passage of a special local option sales tax – SPLOST – as well as successful referendum for parks and recreation bonds, and for transportation bonds, have afforded the County the opportunity to address infrastructure needs.
- One of the greatest limitations has been a greater than optimal reliance on revenue from residential construction that can only be addressed through successful economic development efforts to grow the non-residential tax base. The county created an Economic Development Director in late 2018 to focus internal efforts to respond to opportunities and to partner with the Forsyth Chamber and the Development Authority. That new focus was fruitful in 2019 with the establishment of formal processes and procedures as well as the ability to redirect county resources to priority projects.
- The mixed-use development, Halcyon, opened its first phase during 2019 and future phases will create both non-residential (hotels, office space) and high-end residential development during 2021 and succeeding years.
- The county's historic leveraging of local funds to obtain a greater commitment of State transportation funds will continue to be a priority. The widening of SR 369 with a joint funded interchange at 400, and the joint funding of another gateway interchange at McGinnis Ferry and 400 continue past partnerships with the State on critical projects.
- Connecting the county's Big Creek Greenway to Alpharetta's Big Creek Greenway through the joint McGinnis Ferry Road widening project with the cities of Alpharetta and Johns Creek will extend the Greenway ten miles south into North Fulton County while it is being extended north within Forsyth County to another recreation asset, the Sawnee Mountain Preserve.

Forsyth County Strategic Priorities (continued)

Manage population growth at a sustainable level and ensure quality development -Just as sustainability is an element of a strategic priority related to finances, it is an element of service population. Forsyth County is not only one of the fastest growing counties in the U.S. since 2010, but currently has the fastest growing Asian population of any county.

For a fast-growing community, the ability to furnish necessary services and infrastructure is critical, and the ability to meet those needs can be impacted by how population growth occurs. While the county's current population is about 250,000, recent projections for 2050 published by the Atlanta Regional Commission – the Metropolitan Planning Organization (MPO) for the area – range from a slower regional growth scenario of 403,949, to a higher regional growth scenario of 441,769. A third, "preferred" scenario for the distribution of population by 2050, uses 440,400. The projections suggest the population will continue to age and be more diverse. The July 2017 Comprehensive Plan reflected significant community input on the type of development that should occur within unincorporated areas – with a preference for less density.

- Recent actions by the Board of Commissioners support the community's interest in less density and more open space. In the near term, however, there is an inventory of property impacted by prior county rezoning actions that allow higher densities than currently being approved. In addition, there has been an upturn in annexation proposals that facilitate growth within the City of Cumming that are inconsistent with the county's Comprehensive Plan. These factors show visible signs that community priorities are being addressed.
- Recent Board actions have also initiated higher quality construction standards within the unincorporated area. Retaining low property tax rates requires, in part, property values sufficient to provide the revenue necessary to sustain the cost of services provided. This is even more critical as expectations for service standards rise.
- Growing the non-residential tax base through economic development activities is part of the ongoing strategy for balancing residential growth.

Ensure a long-term water supply – Forsyth County relies on Lake Lanier for most of its drinking water supply. Lake Lanier is managed by the Army Corps of Engineers (ACE) and water wars between Georgia, Alabama, and Florida have complicated plans for ensuring water supply to the region. The county faces an increasing volume of individual septic systems outside current service areas and, while both the county and the City of Cumming operate water reclamation systems, no water is currently returned to the Lake. Existing public and private water reclamation facilities return water to the Chattahoochee River south of the Buford Dam that controls lake levels or use ground application.

- The county is finalizing plans to purchase a share of stored water in the Lake through the Georgia Environmental Protection Division which, in turn, negotiated a purchase of all storage in the Lake from the ACE.
- The county's water and sewer capital program includes significant expansion of water treatment, distribution, water reclamation, and collection infrastructure using proceeds from bonds issued in late 2019. It also includes a separate county deep-water intake on Lake Lanier to supplement the current intake operated by the City of Cumming.
- A new water reclamation facility in the Lanier basin will provide treatment to serve the northeast portion of the county including industrial clients and will provide a direct discharge into Lake Lanier that, by most measures, will be cleaner than the water withdrawn from the Lake.

Forsyth County Strategic Priorities (continued)

Ensure a safe community - *The county enjoys a low crime rate and short response times for public safety services. Maintaining a focus on service and infrastructure needs to address a growing population will be critical.*

- Public safety has been a funding priority and that will continue into 2021 and beyond. School safety necessitated a commitment to additional school resource officers in 2019.
- Voter approval of SPLOST VIII in late 2018 resulted in a new allocation of funds for public safety needs by the Sheriff and the Fire Department for a six-year period that began in July 2019.
- A Sheriff's firing range was facilitated by a 2019 donation of private land for that use.
- Land was purchased in 2019 for development of a fire training campus to replace and expand current capabilities.
- SPLOST funding ensures needed equipment and vehicles can be acquired for the Sheriff's Office and the Fire Department.
- Fire Station 11 opened in 2020 and ensure continuation of excellent response times while expanding the number of stations with an enhanced staffing level.

Forsyth County Highlights

History of Forsyth County

Forsyth County has a rich and colorful history. Its territories were once part of the great Cherokee Indian Nation and remained Cherokee land until 1832, when Forsyth County was created by the Georgia Legislature.

The county was named for the Honorable John Forsyth, who had a long and distinguished public career, including service as the Attorney General of Georgia in 1808, U.S. Representative (1813-1818; 1823-1827), U.S. Senator (1818-1819; 1829-1834), U.S. Minister of Spain (1819-1823), thirty-first Governor of Georgia (1827-1829), and Secretary of State for President Andrew Jackson and Martin Van Buren (1834-1841).

In its early days, Forsyth County was known for its production of tobacco. By the beginning of the 1900s, cotton replaced tobacco as the leading crop and remained so until the Depression in the 1930s. In the 1940s and 1950s, the poultry industry developed in this region. Today, agriculture remains an important staple in Forsyth County's economy.

The next milestone for the county was the completion of Lake Sidney Lanier in 1957 by the U.S. Army Corps of Engineers. This event immediately brought recreation and revenue to the surrounding counties. Lake Lanier is now the most visited and used Corps' lake in the country.

Another event impacting the area's growth was the construction of GA 400, which opened in 1974. When this road was completed, it made the county more accessible to those wishing to escape urban living. The 1980s and 1990s brought rapid growth and progress yet the county was able to maintain its low tax rates and high educational standards through its school system.

What was a steady stream in population growth became a flood by the 1990's with 54,000 more people calling Forsyth County home. There was a 78.36% growth rate between 2000-2010, according to the U.S. Census reporting population count at 175,511.

And that growth does not appear to be abating. According to the ARC (Atlanta Regional Commission) Forsyth County's population is expected to exceed 446,008 by 2050.

Forsyth County is approximately 40 miles north of Atlanta and covers an area of 247.4 square miles. It is a virtual blend of rural and urban lifestyles. The county offers a variety of recreational services, including approximately 200 miles of shoreline on Lake Sidney Lanier. Its mild waters and warm summers are great for outdoor activities. There are plentiful natural resources, including thousands of acres for biking, hiking, and a wide variety of sporting activities.

The county only has one incorporated city. The City of Cumming was created by an act of legislation on December 22, 1834 and named in honor of Colonel William Cumming, a distinguished Georgian. Cumming gained military distinction in the War of 1812, attaining a rank of Colonel in 1814; however, it was through a series of duels over States rights in 1822 that he gained national attention.

People from across the United States are discovering what Forsyth County residents have known for years; It is a great place to live, work and play. Forsyth is among the fastest growing counties in the nation. It offers in-country living with big-city amenities, a strong local government and a good balance between growth and tradition. While the county is growing by leaps and bounds, county officials are working hard to maintain the quality of life standards that have caused so many people to move to Forsyth County.

Existing Land Use and Development

Residential land is the largest land use category in the county, comprising 38% of the total land area. Residential development is found throughout the county with the largest concentration in the southern and central portions along Lake Sidney Lanier's perimeter. Agriculture is the second largest, which accounts for 20% of the total land area. Most of the agricultural land can be found in the northern section of the county. Undeveloped land is the third largest category, accounting for 16% of the total land area. Undeveloped land is found dispersed across the county with numerous large tracts in the northern portion of the county, located on both sides of SR 400.

Financial Policies and Procedures

Forsyth County Government (The County) will conduct the business of county government in a prudent and responsible manner. All current expenditures will be financed with current revenues and short-term borrowings will not be used to meet current budget requirements. Capital needs will be provided by the operating budget except for special projects, which will be funded by Special Local Option Sales Taxes, grants or other means.

The County will use a calendar year beginning on January 1 and ending on December 31 as its fiscal year.

The budgets will be balanced for all funds and based on Generally Accepted Accounting Principles (GAAP). All unencumbered budget appropriations will lapse at year-end.

The County will develop a five-year Capital Improvements Program (CIP) and update it annually.

The County will maintain a General Fund reserve at least equal to three months of the General Fund budget. An independent audit in compliance with Generally Accepted Audit Standards will be performed annually in accordance with GA Code 36-81-7.

The County will confine long-term debt to capital improvements and moral obligations and will not use short-term debt for operating purposes.

The County will aggressively invest all funds to maximize earnings; but will comply with all federal and state regulations for investing public funds.

The County will follow uniform regulations and policies to provide for an efficient and responsible Purchasing Function to procure materials and services at the best value to the County.

Operating Budget Policies

1. The County will finance all current expenditures with current revenues. The County will avoid budgetary procedures that balance current expenditures through the obligation of future resources. The County will not use short-term borrowing to meet operating budget requirements.
2. The operating budget will provide for adequate maintenance of capital equipment and facilities and for their orderly replacement.
3. All Governmental Funds are subject to the annual budget process. Budgets will be prepared for Proprietary Funds (Enterprise and Internal Service) to establish fees and charges and to control expenses.
4. The budget must be balanced for all budgeted funds. Total anticipated revenues and other resources available must equal total estimated expenditures for each fund.
5. All budgets will be adopted on a basis of accounting consistent with Generally Accepted Accounting Principles (GAAP). Revenues are budgeted when they become measurable and available and expenditures are charged against the budget when they become measurable, a liability has been incurred, and the liability will be liquidated with current resources.
6. All unencumbered operating budget appropriations will lapse at year-end. Encumbered balances will be allocated in the following fiscal period in accordance with Generally Accepted Accounting Principles.
7. The budget shall be adopted at the legal level of budgetary control which is the fund/department level (i.e., expenditures may not exceed the total for any department within a fund).
8. Transfers of appropriations within a Department shall require only the approval of the Budget Officer. Transfers between departments or funds, an increase of a personnel services appropriation, or an increase in the level of authorized positions shall require the approval of the Commission. Department heads and management personnel are directed to operate within budget limitations to prevent emergency situations.
9. The County will strive to include an amount in the General Fund budget approved by the Commission (i.e., a line item for contingencies) for unforeseen (e.g., emergency type) operating expenditures. The amount of the contingency will be no more than 5% of the operating budget.
10. The County will integrate performance measurement and objectives and productivity indicators within the budget.
11. The County will maintain a budgetary control system to ensure adherence to the budget and will prepare timely financial reports comparing actual revenues, expenditures and encumbrances with budgeted amounts.
12. The operating budget shall be developed to control both the direct and indirect costs of programs and services whenever practical.
13. The County shall comply with all state laws applicable to budget hearings, public notices, public inspection, and budget adoption.
14. Enterprise and Internal Service fund budgets shall be self-supporting whenever possible. Excess revenues of Enterprise funds shall not be transferred to other funds unless authorized by the Board of Commissioners.

Financial Policies and Procedures (continued)

Capital Budget Policies

1. Capital projects will be undertaken to:
 - A. Preserve infrastructure and public facilities.
 - B. Promote economic development and enhance the quality of life.
 - C. Improve the delivery of services.
 - D. Preserve community and historical assets.
2. Projects will be categorized as:
 - A. Legal mandates
 - B. Health & Safety
 - C. Growth/Expansion
 - D. Replacement
 - E. Environmental
3. The County will develop a five-year Capital Improvement Program (CIP) and update the CIP annually to direct the financing of and appropriations for all capital projects. The County defines a capital project for inclusion in the CIP as any asset or project in excess of \$100,000 during the planning period. A capital asset for inclusion on the County's fixed asset schedule is a cost of \$5,000 with an estimated useful life of three years.
4. The County will coordinate the development of the Capital Improvement Program with the development of the operating budget to ensure that future operating costs are projected and included in the operating budget where appropriate.
5. The County will develop a program to replace authorized vehicles and equipment without significant impact to the capital budget.
6. The County will aggressively seek public and private grants, contracts, and other outside sources of revenue to fund projects included in the Capital Improvement Program.
7. The balances of appropriations for capital projects will be designated by management at year-end and re-appropriated in the following years until the project is completed.

Reserve Fund Policies

1. The County will strive to accumulate a General Fund working reserve at least equal to three months of the total General Fund budget. This reserve shall be created and maintained to provide the capacity to:
 - A. Offset significant downturns and revision in any general government activity.
 - B. Provide sufficient working capital.
 - C. Provide a sufficient cash flow for current financial needs at all times.
2. Unreserved, undesignated fund balances for governmental funds should be used only for one-time capital non-operating expenditures as appropriated by governing authority.
3. The County will maintain reserves in compliance with all debt service requirements to maintain bond ratings and the marketability of bonds.
4. The County will develop capital reserves to provide for normal replacement of existing capital plant and additional capital improvements financed on a pay-as-you-go basis.
5. The County will accumulate sufficient cash reserves in Enterprise Funds to equal three months of operating expenses to provide sufficient working capital without short-term borrowing.

Revenue Administration Policies

1. The County will try to maintain a diversified and stable revenue system to shelter it from short-run fluctuations in any one revenue source. The revenue mix should combine elastic and inelastic revenue sources to minimize the effect of an economic downturn.
2. The County will estimate its revenues by an objective analytical process in a prudent manner.
3. The County will follow a policy of paying for services with user charges when possible to reduce the reliance on taxes and other general revenue sources.
4. The County will aggressively seek public and private grants, contracts, and other outside sources of revenues for funding projects where appropriate.
5. The County will establish the levels of all user charges based on an analysis of the cost of providing the services. User charges will be evaluated annually.
6. The County will set fees charges for each Enterprise and Internal Service Fund, at a level that fully supports the total direct and indirect cost of the activity. Indirect costs include the cost of annual depreciation of capital assets and requirements for future capital costs.

Financial Policies and Procedures (continued)

Accounting, Auditing & Financial Reporting

1. An independent audit in compliance with Generally Accepted Audit Standards will be performed annually by a qualified external auditor in accordance with GA. Code 36-81-7 and Section 7-411 of the charter.
2. The County will prepare a Comprehensive Annual Financial Report in accordance with Generally Accepted Accounting Principles (GAAP). The County will strive to prepare the Comprehensive Annual Financial Report to meet the standards of the GFOA Certificate of Achievement in Financial Reporting Program.
3. The County will establish and maintain a high degree of accounting practice; accounting systems will conform to Generally Accepted Accounting Principles.
4. The County will maintain accurate records of all assets to ensure a high degree of stewardship for public property.
5. The County will develop an ongoing system of financial reporting to meet the needs of the governing authority, the manager, department heads, and the general public. Reporting systems will monitor the cost of providing services where possible. The reporting systems will promote budgetary control and comparative analysis.

Debt Policies

1. The County will confine long-term borrowing to capital improvements and moral obligations.
2. The County will not use short-term debt for operating purposes.
3. The County will follow a policy of full disclosure on every financial report and bond prospectus.
4. General obligation debt will not be used for enterprise activities.
5. The County will use voted general obligation debt to fund general purpose public improvements which cannot be financed from current revenues, available fund balances, or other current sources of capital financing.
6. Enterprise Fund debt will be used only when revenues are sufficient to satisfy operating expenses and debt service requirements.
7. The County will limit the use of lease purchase and other short-term debt when possible.

Investment Policies

1. The County will maintain an aggressive program of investing all government funds under the direction of the Manager or designate.
2. All investments shall be made with consideration for environmental and human rights impact.
3. The investment program shall be operated based on the following principles, in the order listed.
 - A. Legality - all investments comply with state and local laws.
 - B. Safety - principal is protected from loss with secure investment practices and collateralization.
 - C. Liquidity - investments are readily convertible to cash when needed without losses.
 - D. Yield or Return on Investment - earnings are maximized without diminishing the other principles.
4. The investment program shall comply with all Georgia laws and federal/state regulations for investing public funds and safekeeping/security requirements.
5. The investment program should use a competitive selection process for investments in excess of 30 days. Investments should be placed with only qualified financial institutions.
6. The investment program should provide for a system of internal control over investments and timely financial reporting over investing activities.

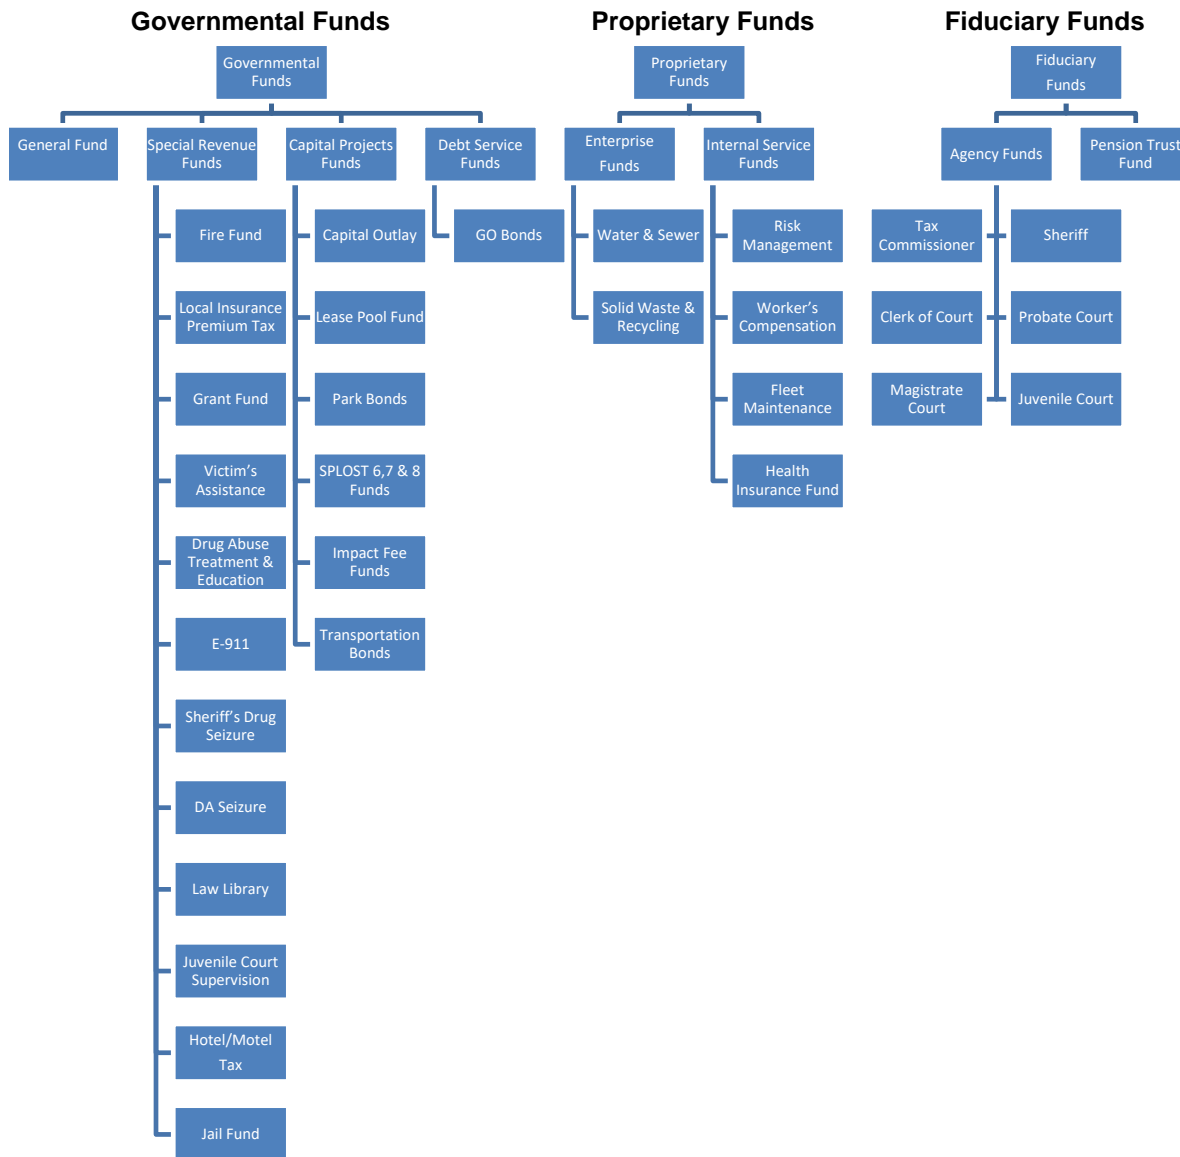

Purchasing Policies

1. It is the intent of the governing authority of the County to establish uniform regulations and procedures to provide for an efficient and fiscally responsible system for the purchase of materials and services necessary for the effective operations of the county. The administration of this system will comply with the highest ethical and fiscal standards and applicable laws.
2. The Manager shall be responsible for the operation of the county's purchasing system.
3. All departments and agencies of the county must utilize competitive bidding procedures, as specified in an ordinance adopted by Commission. Bids will be awarded on a nondiscriminatory basis with appropriate efforts to include local and minority businesses.
4. The county will strive to obtain the highest quality of goods and services for the most economical costs. Bulk purchases, quantity discounts, standardization of common items, and other approaches will be used to economically acquire goods and services.

The Fund Structure of Forsyth County

Forsyth County Government is financially and operationally sound. The county has set a policy of not obligating its residents to pay more in the future when it can invest now in efforts to keep taxes low for years to come. The county emphasizes long-range planning in the budgeting process, analyzing the implications of annual service investments, ensuring adequate revenue source will be available and secure balances can be maintained prior to making long-term commitments. As of December 31, 2020, fund balance/working capital reserves remain above the required levels in all funds that have a fund balance/working capital reserve policy.

The fund structure of Forsyth County contains 40 separate funds that are categorized into the following three fund groups:

Fund Structure Forsyth County

Governmental funds use the modified accrual basis of accounting; proprietary and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Under the accrual method, income is recorded in the period in which it is earned, and expenses are recorded in the period in which they are incurred. Modified accrual is the method under which revenues are recognized in the period they become available and measurable and expenditures are recognized in the period the associated liability is incurred.

Governmental Funds are used to account for government-wide activities. The county maintains four types of governmental funds:

- General
- Special Revenue
- Capital Projects
- Debt Service

The General Fund is the primary operating fund of the county. It exists to account for a full range of countywide services traditionally associated with local government. These services include the court system, public safety, parks and recreation, libraries, planning & community development, economic development, and any other activity for which a special fund has not been created.

A Special Revenue Fund is a type of governmental fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for a specified purpose by state law or local ordinance. The county maintains the following special revenue funds:

- Fire
- Sheriff's Drug Seizure
- Local Insurance Premium Tax
- DA Seizure
- Grant
- Victim's Assistance
- Drug Abuse Treatment & Education
- E-911
- Law Library
- Juvenile Court Supervision
- Hotel/Motel Tax
- Jail

The Capital Projects Fund is a type of government fund used to provide for normal replacement of existing capital plant, equipment and additional capital improvements to be financed by capital reserves. The county also uses Capital Funds for general purpose public improvements. The county maintains the following capital funds:

- Capital Outlay
- SPLOST 6 & 7 & 8
- Lease Pool Fund
- Park Bonds
- Impact Fees
- Transportation Bonds

Annual budgets are adopted for the following appropriated funds:

- General Fund
- Special Revenue Funds
- Capital Outlay Funds
- Debt Service Funds
- Enterprise Funds
- Internal Service Funds

Debt Service Funds are used to account for the servicing of general long-term debt not being financed by proprietary or nonexpendable trust funds. The county maintains the following debt service funds:

- GO Bonds

Proprietary funds are used to account for the county's business-type activities. The county maintains two different types of proprietary funds:

- Enterprise
- Internal Service

Enterprise Funds are operated on a "business-like" basis using the full accrual basis of accounting. These services are supported through user fees and charges with revenues earned in excess of operations. These funds are used to account for the county's Water and Sewer Authority and the Recycling and Solid Waste operation. Water and Sewer Authority fund supports the operation, maintenance, and capital improvement of the water and sewer system. Revenues are received from monthly usage bills, connections fees, and development charges. The Recycling and Solid Waste operation receives tax revenues from non-exclusive franchise fees paid by commercial waste haulers. Residential service fees are paid by homeowners in unincorporated Forsyth County and reported as Charges for Services.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the county's various functions and to account for goods or services provided by one department or agency in the county to another. Other funds or departments pay the Internal Service Funds on an actuarial assessment of future costs. The county uses internal service funds to account for risk management, workers' compensation, and health insurance.

Fiduciary funds are used to account for resources that are held by the government as a trustee or agent for parties outside the government and that cannot be used to support the government's own programs. The county maintains the following seven fiduciary funds:

- Tax Commissioner
- Sheriff
- Clerk of Court
- Probate Court
- Magistrate Court
- Juvenile Court
- Pension Trust

The first six of those funds are also called agency funds.

Basis of Budgeting: Budget Policies & Procedures

Basis of Budgeting/Legal Requirements

Georgia law requires each county to operate under an annual balanced budget (O.C.G.A. 36-81-3) for its general fund, special revenue funds, & debt service funds. A budget is balanced when the sum of estimated revenues and appropriated fund balances is equal to appropriations. Forsyth County financial policy takes this a bit further and requires that the budget must be balanced for all budgeted funds.

Law also requires the budget be adopted by resolution or ordinance (O.C.G.A. 36-81-6(a)). Forsyth County practice is to adopt a resolution.

The county's financial policy also dictates that all budgets be adopted on a basis of accounting consistent with generally accepted accounting principles. Governmental Funds use the modified accrual basis while Proprietary Funds are adopted on the accrual basis.

For Governmental Funds

- Debt – The budget is amended for the receipt of debt proceeds. Payments for principal and interest are budgeted in the debt service funds.
- Compensated absences – Employees earn hours of personal time off (PTO). PTO applied to the use of time off, thereby resulting in no reduction of a regular paycheck, is expensed to the salary budget. However, in those cases when an employee can “cash out” PTO above the normal pay amount, it is charged to an account budgeted in each department for “Personal Leave Paid”.

Annual budgets are also adopted for the one operating budgets of its Proprietary Funds (Enterprise and Internal Service for planning, control, cost allocation, and evaluation purposes. The county uses project-length programming for its sales tax, impact fee, and bond proceeds Capital Funds. An annual budget is adopted for the one general Capital Outlay Fund. Projects not completed in the fiscal year must be re-budgeted in the subsequent year budgets in that fund.

Budget process & preparation:

Forsyth County operates under a fiscal year that begins January 1st and ends December 31st. The process is outlined below.

- In the first quarter of each year, a “Budget Kickoff Meeting” is held for all county Departments and offices who are encouraged to attend & receive the Budget Manual for the upcoming year's budget.
 - o A presentation is given to the various departments and offices on the following:
 - The submittal process with any changes/additions
 - The process for online budget submittal to the Budget Submittal email address
- During the months of March, April & early May the Departments and offices prepare their budget submittals, review and approve the following:
 - o Position control report

- o Internal service factors report (Fleet Maintenance, Information Systems and Technology, Risk Management, & Workers' Compensation)
- In June the preliminary budget is presented to the Board of Commissioners (BOC)
- During the months of June through September the Budget Preparation Team meets to discuss and review the budget
 - o All “new budget items” and replacement “capital items” are reviewed
 - o The proposed budget is distributed to elected officials and department directors in September.

Budget Policies & Procedures

- The proposed budget is submitted and presented to the BOC, September
 - o Budget is available for viewing on this day via hard copy at the Administration reception desk and available via the county website
- A Public Hearing is held on the Proposed budget to obtain taxpayer comments on the proposed budget, early October
- BOC will adopt the Final budget, late October or early November
- Final adopted budget is posted to the county website
- The final adopted budget is entered into the county's financial software system in November

Budgetary Control:

Budgetary control (the level at which expenditures may not legally exceed appropriations) is maintained at the department/office appropriation level. Transfers of appropriations within a department (budget adjustments) shall require only the approval of the Budget Officer. The following (budget amendments) require approval from the Board of Commissioners through resolution:

- Transfers between departments or funds
- Expenditures that would increase total department/office appropriations

Budget Resolution

**A RESOLUTION
BY
THE BOARD OF COMMISSIONERS
OF
FORSYTH COUNTY, GEORGIA**

A Resolution to adopt an annual operating budget for Forsyth County for fiscal year 2021 beginning January 1, 2021 and ending December 31, 2021.

WHEREAS, Article 1, Title 36, Section 81, paragraph 1 of the Official Code of Georgia, requires, among other things, that all counties, including Forsyth, prepare and adopt an annual, balanced budget; and,

WHEREAS, required notification was made to the public that the Board of Commissioners had prepared a proposed budget for 2021 which was made available for public review; and,

WHEREAS, pursuant to notice published October 18, 2020 and a public hearing was conducted on November 5, 2020 for the purpose of providing citizens and community interest groups an opportunity to present their views on the various aspects of the proposed budget; and,

WHEREAS, the Forsyth County Board of Commissioners, at its regularly scheduled meeting held on November 19, 2020 after public notice of October 18, 2020 met for the purpose of considering and adopting an operating budget for Forsyth County for the year 2021.

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED, that the budget for 2021, as shown by Exhibit A attached hereto and made a part hereof by reference is adopted.

BE IT FURTHER RESOLVED, that the Chief Financial Officer is authorized to amend the budget to reflect grant revenues and expenditures upon receipt of an executed grant award document, intergovernmental agreement, or comparable documentation only in such cases where as no match is required and the increase to revenues and expenditures is equal.

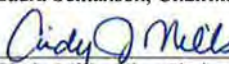

BE IT FURTHER RESOLVED, that the Chief Financial Officer is authorized to amend the budget with approval from the County Manager to reflect a use of reserves for open encumbrances/purchase orders and previously funded and approved projects or tasks that were delayed because of operational constraints.

Resolved, this 19 day of November 2020.

FORSYTH COUNTY BOARD OF COMMISSIONERS

Laura Semanson, Chairman

Cindy Mills, Vice Chairman

Molly Cooper, Secretary

Todd Levent, Member

Dennis T. Brown, Member

ATTEST:

Rhonda P. Hensard
Clerk to the Board

For an approved Resolution of the Board of Commissioners, all Board members execute the Resolution irrespective of whether a particular member was in attendance for the vote or whether that particular member voted against the action.

GENERAL FUND REVENUES

The General Fund, at \$151.8 million in revenues, is the largest fund in the county. It provides the funding for most of the county's departments and offices, which the primary source of revenue is taxes. Taxes account for 78.3%, or \$118.8 million of the revenue. The main component is Property Taxes that are levied at \$63.8 million and the Local Option Sales Tax (LOST) at \$33.6 million.

Figure 7 – General Fund Revenues by Type

The General Fund budgeted revenues for FY 2021 show an increase of \$2.1 million from FY 2020 Adopted Budget of \$149.7 million. Some contributing factors to this increase include the 8.4% increase in the tax digest and an increase in Charges for Services driven by \$678k for increased Parks & Recreation fees, \$328k for the increased tax collection commission, and \$113.6K for the increased internal service fee revenue charges.

Figure 8 – General Fund Revenues

GENERAL FUND EXPENDITURES

FY 2021 General Fund expenditures budgeted are \$2.1 million more than the FY 2020 Adopted Budget.

Figure 9 – General Fund Expenditures by Activity

The major service provided to citizens is public safety which is 35.5% or \$54.0 million of the 2021 General Fund Adopted Budget.

Figure 10 – General Fund Expenditures by Type

Salaries and Benefits make up the largest expenditures of 63.4% or \$96.2 million of the 2021 General Fund Adopted Budget.

General Fund Expenditure Activities

General Government is the core of government services that includes the Board of Commissioners, Administration, Tax Commissioner, Tax Assessor, Business License, Communications, Rural Development, and Voter Registration.

Judicial System applies to all courts and related functions. This system upholds the law and protects the rights of those who cannot protect themselves, resolves disputes between people, legal entities and government units, upholds government limitations and protects citizens against possible abuses of the law making and law enforcement branches of governments.

Public Safety includes the operation of the Forsyth County Sheriff's Office, Coroner's Office, Ambulance Service, Emergency Management Agency, and the Public Safety Radio System.

Housing and Development prepares a comprehensive land use plan, administers zoning and land use regulations and conducts a building and site development inspection program in conjunction with other federal, state, and regional agencies in order to ensure a safe and progressive environment of the citizens of Forsyth County.

Culture and Recreation includes the operation and maintenance of all parks with the county, the recreational and cultural programs offered by the department and the operation of the county's four libraries.

Health and Welfare includes Public Transportation (Dial-A-Ride), Senior Services, Community Service and Non-Profit funding (which includes Division of Family and Children Services).

Transfers include transfers to other funds in which expenditures exceeded revenue, therefore the General Fund transfers funds to subsidize another fund's activities (For example, Victim Witness).

Other Financing Sources (Uses) includes reserve for encumbrances, addition to reserves, and contingency.

Debt Service

The Debt Service Funds are used to account for the accumulation of resources for the principal and interest payment on all General Obligation Debt other than that issued specifically for enterprise activities.

For FY 2021, the Board of Commissioners, as required by law, levied an ad valorem tax on all taxable property within the county at 0.930 mills to pay the principal and interest on the Bonds as they become due and payable.

The Constitution of the State of Georgia provides that the county may not incur long-term obligations payable as general obligation bonds without the approval of a majority of the qualified voters of the county or in excess of 10 percent of the assessed value of all taxable property within the county. Based upon the 2019 assessed value of taxable property after the issuance of the Bonds, the county could incur up to \$1,230,103,854 of long-term obligations payable as general obligation bonds.

- **\$9,925,000 Series 2015A** - for the purpose of providing funds to finance the costs of acquiring, constructing, renovating and installing various roads, streets, bridges, and sidewalks in the country. \$63,395,000 was refunded with the 2017 GO Bond.
- **\$55,970,000 Series 2015B** - for the purpose of refunding the General Obligation Refunding Bonds, Series 2008 in order to achieve debt service savings. The county was able to take advantage of low interest rates and reduce the county's total debt service payments by approximately \$4,967,439 at NPV. They bear interest rates of 5.00% and are payable on March 1st and September 1st of each year.
- **\$75,065,000 Series 2017** - for the purpose of refunding the General Obligation Refunding Bonds, Series 2013 and 2015A in order to achieve debt service savings. The county was able to take advantage of low interest rates and reduce the county's total debt service payments by approximately \$4,067,6329 at NPV. They bear interest rates of 3.00% to 5.00% and are payable on March 1st and September 1st of each year.
- **\$85,300,000 Series 2019 Sales Tax Bonds**- for the purpose of providing funds to finance the costs of capital outlay projects. They bear interest rates from 5% and are payable on March 1st and September 1st each year.

Debt Service (continued)

The Forsyth County Water and Sewerage Authority and the county have entered into a Lease Contract. The county's obligations under the lease are absolute and unconditional and are secured by a pledge of the net revenues of the system and by a pledge of the county's full faith and credit. In the event revenues from the system are not available, the county has agreed to levy a tax on all taxable property located within the territorial limits of the Special Tax District, at such rates, without limitation, as may be necessary to make the lease payments.

The current outstanding Water & Sewer Revenue Debt includes:

- **\$10,835,000 Series 2011** – for the purpose of refunding \$1,420,000 of the Series 1998 Bonds, and to refund the remaining \$28,360,000 of the Series 2001 Bonds. The bonds bear interest from 2% - 5% and will mature on April 1, 2025.
- **\$7,155,000 Series 2012** – for the purpose of refunding \$30,000,000 of the Series 2002 Bonds, in order to achieve debt service savings. The county was able to take advantage of low interest rates and reduce the county's total debt service payments by approximately \$5,624,189. The bonds mature April 1, 2032.
- **\$16,260,000 Series 2013** – for the purpose of refunding \$13,070,000 of the Series 2005A Bonds, and \$15,690,000 of the Series 2007 Bonds. The bonds will mature on April 1, 2028.
- **\$68,790,000 Series 2015** – for the purpose of refunding \$935,000 of the Series 2005A Bonds, and \$23,735,000 of the Series 2007 Bonds and new money of \$60,000,000 for the purpose of expanding the county's water and sewerage system. The bonds will mature on April 1, 2016 through 2037.
- **\$137,550,000 Series 2019** – for the purpose of (a) refunding the Authority's Variable Rate Refunding Revenue Bonds, Series 2011, (b) paying the costs of the acquisition, construction and equipping of certain improvements to the Water and Sewer System.

Website <https://www.forsythco.com/Departments-Offices/Board-of-Assessors>

Goals & Objectives

Goal #1

To produce a tax digest timely.

- To process and review all tax returns and homestead exemptions by April 26 and mail annual notices by May 15.
- To process the appeals efficiently to provide the Board of Commissioners and School Board accurate estimates of the revenue base from the tax digest that are acceptable for budget and millage rate advertisement.

Goal #2

To implement an online filing system for taxpayers to have the ability to file homestead exemptions and personal property reporting forms online.

- To help eliminate additional staffing by having a system that updates our computer system without manual data entry and drastically reduce printing and mailing cost for personal property forms.
- To expedite the reporting process and make it much easier for the taxpayer to see what they previously returned and to submit their form digitally.
- To eliminate or significantly reduce postage cost.

Goals & Objectives

Goal #1

Balance the rights and interests of children and families, the limited resources of the judicial branch, and a realistic assessment of the capabilities of other participants in the justice system.

- Expedite the disposition of all cases in a consistent manner.
- Communicate court purposes, objectives, and budget needs clearly and compellingly.

Goal #2

Ensure the effective and continuous evaluation of case flow throughout all case types utilizing both qualitative and quantitative information in order to identify issues and areas of interest, to build support for the implementation and management of change.

- Expand the use of metrics to support the dynamic deployment of court resources.
- Create an additional layer of granularity for case processing statistics to provide efficient and prompt feedback to judicial officers and support judge-driven case management.

Magistrate Court

Mission

Our mission is to fulfill our duties in a capable manner that is professional, courteous and respectful for the public; to provide access to the courts for individuals with or without attorneys; and to serve as an integral, cooperative part of the local judicial system and government.

Description

The Magistrate Court is called the “people’s court” due to the ease of accessibility and varied nature of matters, both civil and criminal. The court has jurisdiction over dispossessory actions, garnishments, and small claims cases in which the plaintiff can seek relief for up to fifteen thousand dollars. The court also supports the Superior and State Courts for Forsyth County by hearing bond, probable cause and domestic violence cases.

Pre-Trial Services

Mission

Pre-Trial Services mission is to assist the courts in accordance with the policies of the Bell-Forsyth Judicial Circuit, to protect the community, and to maintain compliance in individuals under supervision.

Description

Pre-Trial Services is an essential component of the court system in the Bell-Forsyth Judicial Circuit and Forsyth County court system. The primary functions of this court service are to provide supervision for defendants who are placed on pretrial release by the courts and to supervise the State Court Diversion Program. This service also has the responsibility of supervising certain requirements of temporary protective orders. The Director of Pre-Trial Services is responsible to the Court Administrator and Chief Superior Court Judge of the Bell-Forsyth Judicial Circuit.

Website

<https://forsythcourts.com/About/Court-Administration/Pre-Trial-Services>

Goals & Objectives

Goal #1

Provide effective monitoring and supervision of pre-trial defendants, consistent with release conditions, so that they return to court and do not engage in criminal activity while under supervision.

- Provide a continuum of release conditions - ranging from personal information verification to intensive supervision.
- Promote swift and effective consequences for violations of release conditions, which may include administrative sanctions, graduated sanctions, and incarceration.

Goal #2

Implement a validated risk assessment tool in determining an individual's release level within the booking process at the detention center.

- This assessment will determine the probability of the risk of flight and the potential for additional criminal behavior.
- Provide the courts current, verified, and complete information about the history, relevant characteristics, and reliability of each pretrial defendant.
- Recommend for each defendant the least restrictive release conditions needed to protect the community and ensure the defendant's return to court.

State Court Judge

Mission

The mission of the Forsyth County State Court is to provide the public with a judicial forum for the just and timely resolution of disputes. It is inherent in this obligation to ensure that court users have ease of access to court-related information processes. It is the responsibility of all court system personnel to fulfill the public's right to fair and efficient justice with dignity, professionalism, and courtesy.

Description

The State Court of the Bell-Forsyth Judicial Circuit exercises jurisdiction over all misdemeanor violations, including traffic offenses; and all civil actions regardless of amount claimed, unless the Superior Court has exclusive jurisdiction. The State Court is also authorized to hold hearings for, and issue search and arrest warrants; and for preliminary hearings. In addition, the State Court has constitutional authority to review lower court decisions as provided by statute. The Forsyth County State Court is a trial court with limited jurisdiction covering misdemeanors and traffic cases, and any civil actions where the Superior Court does not have exclusive jurisdiction.

Coroner & Medical Examiner

Mission

The Forsyth County Coroner's Office endeavors to serve and protect the interests of the community by maintaining a high standard of professionalism and integrity as we determine the cause and manner of death of an individual. As a team, we strive to always provide compassion, respect and dignity for the decedents, their families, and loved ones.

Description

Our top priority is to determine an unbiased cause and manner of death and/or the possibility of criminal involvement. This is accomplished through careful examination and the gathering of evidence at the scene of death. When needed, our department provides testimony in criminal matters for the Forsyth County District Attorney or Public Defender. Our department participates in the Georgia Child Fatality Death review committees. These reviews are conducted by multi-department teams that routinely and systematically examine the circumstances surrounding deaths in a given geographical area and age group. We work with these committees to make recommendations for change that may reduce the risk of unexpected or unnatural death.

National Accreditation

Forsyth County Parks & Recreation Department is an accredited agency through the Commission for Accreditation of Park and Recreation Agencies (CAPRA) and the National Recreation and Park Association (NRPA). CAPRA accreditation is the only national accreditation for park and recreation agencies, and is a measure of an agency's overall quality of operation, management and service to the community. This mark of distinction indicates that an agency has met rigorous standards related to the management and administration of lands, facilities, resources, programs, safety and services. The department is one of only 166 departments nationally to hold the recognition.

P&R - Athletic Division

Goals & Objectives

Mission

The Athletic Division mission is to provide quality athletic competition, instruction and participation for youth and adults in Forsyth County.

Description

The Athletic Division provides a variety of athletic programs for youth and adults. Programs include: baseball, softball, soccer, basketball, and lacrosse as well as various camps and clinics. The Athletic Division strives to meet the demands that arise with an expanding community. Safety is always the first priority, while remaining committed to treat all participants and programs equally. Fair, firm, and consistent are the three principles which guide this division of the Parks and Recreation Department.

Goal #1

Provide the citizens of Forsyth County with the best possible athletic leagues, special events, and instructional programs using top quality facilities in conjunction with park operations staff to improve communication and cooperation.

- Hold monthly meetings with park operations manager to discuss event schedules, and coordination of operations. Coordinate quarterly meetings with supervisors and crew leaders of athletics and park operations.
- Conduct seasonal training sessions with seasonal athletic attendants and park operations staff to ensure that they are able to operate equipment and provide standard field maintenance practices.
- Seek opportunities to hold team building exercises with staff.

Natural Resources Conservation Services

Mission

To serve the residents of Forsyth County by creating an awareness of soil and water resource concerns, by assisting landowners and land users in planning and applying conservation practices on private lands to reduce erosion and to enhance water quality.

Description

The district provides technical assistance through cooperative agreements with NRCS, FSA, UGA Extension Service & other governmental and private agencies and groups. The district provides Federal Cost-Share Assistance to landowners for conservation practices. Forsyth County and the district are mandated by the Erosion & Sediment Control Law of GA to work together to implement the provisions of the law. The district's highest priority is the critical work needed to conserve our prime food & fiber producing agricultural lands and protection of our water quality and quantity.

Goals & Objectives

Goal #1

Reduce soil erosion and sedimentation to protect and conserve the county's natural resources.

- Conduct plan review and inspection for all projects requiring erosion and sediment or NPDES permits.
- Work with landowners, city and county government to help solve natural resource problems on private and public land.
- Conduct a training session on erosion and sediment control practices for engineers, contractors and farmers.

Goal #2

Encourage installation of resource management systems on all agricultural and forest land.

- Work with the GA Soil & Water Conservation Commission to identify flood control dams that could most effectively be modified for municipal water supply.
- Work with poultry producers and poultry companies to increase the adoption of nutrient management plans.
- Reduce ag-related nutrient loading in groundwater and surface water.

Goal #3

Inform and educate our citizens of the need for natural resource conservation.

- Work with the district to sponsor students to NRCS workshop and provide education programs and displays at the fair, during Soil Stewardship Week and at other venues.
- Work with the GA Forestry Commission to promote tree planting and forest land management.
- Work with local schools to develop and utilize outdoor classroom areas.

Planning & Community Development

Mission

To develop partnerships with all members of the community in an effort to provide valuable planning and development services that promote quality development and help create communities that will be enjoyed for generations to come.

Description

The Department of Planning & Community Development (P&CD) is responsible for land disturbance permits, plats, zoning, variances, code work and comprehensive planning.

Starting in mid-March 2020, this department underwent a major reorganization where it split off specific functions to the new Building & Economic Development (B&ED) department.

In 2021, this department has five divisions:

- ◇ Administration
- ◇ Develop Inspections (Current Planning)
- ◇ Develop Review (Current Planning)
- ◇ Policy (Long Range Planning)
- ◇ Zoning (Long Range Planning)

PC&D— Long Range Planning

Description

The Long Range Planning Division is split into two divisions: Policy and Zoning. The mission is to provide quality planning services and professional support related to comprehensive planning policy, regulatory code, zoning, and land use administration.

Policy Division

The **Policy Division** oversees policy and code changes as reflected in the Forsyth County Comprehensive Plan, the Unified Development Code, and the Forsyth County Sign and Tree Ordinances.

Zoning Division

The **Zoning Division** is responsible for managing the rezoning, sketch plat, conditional use, home occupation, mobile vending, zoning condition amendment, alternate design and county-initiated application processes.

Goals & Objectives

Goal #1

Support policies outlined in the Comprehensive Plan through plan initiatives, regulatory code modifications and technical review and analysis of land use applications.

- Follow through on identified short term work program tasks and perform monthly staff analyses of land use requests for Comprehensive Plan implementation.
- Continue to promote and monitor planning initiatives such as the Opportunity Zone and sub-area plans.
- Draft UDC and other ordinance modifications to align current regulatory framework with long range implementation measures, BOC requests and department identified needs for code revisions.

Goal #2

Offer responsive and efficient customer service for the members of the public, officials and staff.

- Continue to refine the process and procedures to enhance customer satisfaction. Work with current planning to improve Planner of the Day (POD) coordination.
- Continue to provide public outreach for all long range division planning initiatives.

Goals & Objectives

Goal #1

Paving, patching/milling, shoulder building of nearly over 1,112 paved roads throughout the county.

- **Paving**- Pave the roads on the yearly resurfacing list provided by the Engineering Department.
- **Patching / milling**- The deep-patching operations are completed in conjunction with county resurfacing contracts.
- **Shoulder building** - Once the patching and resurfacing are complete, the shoulders of those roads are brought back up to the county standards for road shoulders.

Goal #2

Clear any of the county rights-of-way for a clear site of warning signs, other traffic, pedestrians and increase sight distance by managing the growth of weeds, brush, and low hugging roadside tree limbs.

- **Mowing** - Mow all the rights-of-way at least three times a year or as needed.
- **Herbicide spraying** - Maintain vegetation control for all guardrails, hydrants, road signs, bridges and drainage structures annually.
- **Tree removal / chipping** - All trees along the right-of-way as they grow and mature need to have their branches pruned and trimmed to keep an open line of sight.

Goals & Objectives

Goal #1 Increase Hazard Prevention and Risk Reduction Activities.

- Prevent incidents from occurring by conducting pre-fire surveys, fire inspections and code enforcement.
- Provide public education and fire prevention activities to decrease the number and severity of incidents.
- Develop or revise risk reductions initiatives to address new and recurring fire and EMS trends.

Goal #2 Provide Hazard Mitigation and Quality Emergency Medical Services.

- Continue to reduce response times to all emergency incidents and comply with NFPA Standard 1710.
- Increase staffing levels to closer align with the NFPA 1710 Standard of four firefighters per apparatus.
- Work and train with our EMS partners to effectively handle daily, annual and emerging health concerns.

Goal #3 Promote Employee Health and Professional Development.

- Ensure firefighter safety through cancer prevention and mental health awareness programs.
- Implement an updated and comprehensive training program to create high-performance fire crews.
- Attract and retain a qualified and diverse workforce that more accurately reflects the community.

Water & Sewer Summary

Mission

To provide Forsyth County with the highest quality of water and sewer service through progressive leadership and environmental stewardship.

Description

The Water and Sewer department is composed of eight cost centers which includes Waste Water Treatment, Sewer Services, General Operations, Commercial Services, Engineering, Meter Services, Water Services, and Water Treatment Facility.

Waste Water Treatment Division

Recycles the treated water and nutrient-rich bio-solids, and recovering energy from waste gases increases the efficiency of our wastewater treatment plants, conserves resources, protects the environment, and saves money.

Commercial Services Division

Provides water and sewer services for residents and businesses in the county.

Water Treatment Facility Division

Responsible for the effective production, filtration, and quality control of water for Forsyth County. The division's responsibility starts at the source of raw water and extends throughout the treatment process.

Goals & Objectives

Goal #1

Provide excellent customer service to our customers through accurate and timely meter readings.

- Maintain misread meter percentage at 0.01% or less.
- Mark all meters in the county for easy location by staff and customers.
- Work reports monthly to identify malfunctioned, stopped, zero consumption, or RF issue meters that need repaired.

Goal #2

Maintain the county's sewer lines and manholes effectively and quickly by responding to sewer line issues. (Maintenance Division)

- Camera 140,000 linear feet of sewer lines.
- Clean 100,000 linear feet of sewer lines.
- Inspect 7,500 manholes.

Goal #3

Continue to develop the Leak Detection Program and ensure 8 miles per month of water infrastructure is checked for leaks. (Engineering Division)

- Verify all areas that have been checked for leaks are properly documented and recorded.
- Assist maintenance and project managers to investigate possible leaks.

Risk Management

Mission

Our mission is to achieve an appropriate balance between realizing the county's opportunity for gains that are set forth and adopted as policy by the Board of Commissioners, Elected Officials, and Constitutional Officers of Forsyth County while protecting county assets and minimizing the county's overall exposure to loss.

Description

The Risk Management Department is responsible for insuring the county's assets and promoting safety awareness. All property, automobile, general liability and workers' compensation claims are managed in this office. Risk Management oversees the county's safety and loss prevention program to promote the safety and well-being of county employees and the general public.

Goals & Objectives

Goal #1

Refine broker services & selection for various insurance programs.

- Work with procurement in developing comprehensive insurance information and statistics to request for qualifications and/or proposals for broker services for county's insurance programs by Q1 2020.
- Identify committee to review insurance coverage needs, risk appetite and tolerance and select appropriate broker services for identified insurance needs.

Goal #2

Cultivate a safety culture throughout the entire organization that enhances productivity, efficiency and creates cost savings.

- Continue implementing accountability and incentive programs for division and department level leadership to demand safety as a priority throughout their areas of responsibility.

Workers' Compensation

Mission

The Workers' Compensation Division provides timely and effective medical care for an injured worker. Returning employees to work as soon as possible by offering transitional employment is a top priority in managing the workers' compensation program.

Description

The county is fully self-insured for its Workers' Compensation Insurance Program. The Workers' Compensation Fund is overseen by the Risk Management Department and the Chief Financial Officer. This helps to ensure proper funding of insurance premiums for stop loss and aggregate workers' compensation insurance to minimize the county's loss exposure in addition to funding injured worker's medical and indemnity payments that are set forth and regulated by the State Board of Workers' Compensation.

Fleet Maintenance

Mission

Forsyth County Fleet Services works in tandem with all applicable county departments to address vehicle and equipment needs, and to establish standards and guidelines to ensure safe and economical usage.

Description

The Fleet Maintenance Division has the responsibility of repairing and servicing Forsyth County's vehicles and equipment. Repairs range from oil and lube to major overhaul on gasoline and diesel engines, automatic and manual transmission rebuilds, tire mounting and balancing. Fleet tracks all county vehicles and equipment fuel and repair costs through the latest software program and maintains and monitors the county's natural gas fueling station.

Goals & Objectives

Goal #1 Monitor, control and reduce operational costs.

- Compare state contract parts costs versus local vendor.
- Track the costs of state vs. local parts costs. Frequency of 90-95% of applicable items.
- Optimize in-house parts inventory to minimize vehicle downtime.

Goal #2 Increase efficiency in service issues.

- Performance goal of 10 PM services per week.
- Keep open repair orders to less than 100 at any given time.
- Limit number of applicable, external vendor repairs to <30 per month (excluding <8500lbs. PMs, tires & brakes)

Performance Measures	2019 Actual	2020 Estimated	2021 Projected
In-house repair orders	4,200	3,750	4,100
Average mechanic hours per repair order	1.75	1.45	1.91
Total mechanic hours on repair orders	7,500	5,250	6,250

Grant Policies & Procedures

FORSYTH COUNTY GRANT POLICIES AND PROCEDURES

I. INTRODUCTION

Purpose:

The following procedures were developed to promote communication between all parties involved in grants/donation administration, ensure uniformity, promote accountability, and provide direction on the proper application, approval, implementation and administration of the County's grant-funded projects.

Application:

These Policies and Procedures shall apply to any grant for which the County is serving as a fiduciary (meaning that the County signs off or approves of the grant), grant applicant, or project funding participant (including but not limited to situations where the County provides a required match). These Policies and Procedures shall apply anytime the County serves in such capacity, including but not limited to situations where the County is serving in such capacity for a constitutional officer, judicial office, private entity, etc. When the County is serving as a fiduciary, grant applicant, or project funding participant for any constitutional officer, judicial office, private entity, etc., such officer or entity must sign an acknowledgement providing that it is aware of and will comply with these Policies and Procedures related to same.

In the event a grant is obtained without involvement or approval by the Forsyth County Board of Commissioners but requires expenditure of additional County funds related to insurance, maintenance, etc., such additional funds shall be obtained from the requesting agency/officer's budget and shall not require allocation by the County of funds beyond those budgeted for the particular department/officer obtaining such grant.

Definitions:

1. Grant

A Grant is a payment or donation in cash or in kind (goods or services) made to provide assistance for a specified purpose(s), the acceptance of which creates a legal duty on the part of the grantee to use the funds or property made available in accordance with the conditions of the grant. [Government Accounting Office (GAO)]

2. Grants Manager

The Finance Department's Grants Manager is responsible for providing accountability for all County grant funds. It is also the responsibility of the Grants Manager to assist Departments in:

- identifying viable projects for available grant funding,
- preparing and submitting grant applications,
- executing award agreements, and
- preparing/submitting reimbursement drawdowns and grant reports.

3. Department/Office Grants Administrator

Grant Policies & Procedures (continued)

The Departments/Offices performing the conditions of the grants are to designate an individual as the Grants Administrator. This person is responsible for coordinating the Department/Office's actions in accordance with County, State, and Federal grant guidelines. The Grants Administrator and Grants Manager will work together to ensure compliance with rules and regulations defined by the Single Audit Act Amendments of 1996, Federal Circular A-87, and any related State or private entity requirements.

4. Grant Application

The Grant Application is required documentation used in making a request for funding from an outside funding agency.

5. Grant Agreement

A Grant Agreement is a contract duly executed and legally binding between the County and an outside funding agency.

6. Grant Award

A Grant Award is a notification from an outside funding agency that a program has been awarded funding for a particular purpose and subject to approval by the Board of Commissioners pursuant to these Policies and Procedures (regardless of whether the award specifies that the award is conditioned upon Board approval).

7. Grant Closing

A Grant Closing is submission of a final document package to an outside funding agency and/or receipt of final payment from the grantor agency, ending the grant funding arrangement.

8. Grant Reporting

Grant Reporting is preparation and submission of reports of a statistical, programmatic or fiscal nature which are required by an outside funding agency.

II. SUBMITTING A GRANT APPLICATION

Prior to preparing a grant proposal or application to seek grant funds, one should first contact the Grants Manager. *All grant applications that require a match* must be approved by the Forsyth County Board of Commissioners ("BOC") *before* being submitted to a grantor agency. If the Board of Commissioners approves, only the Chairman of the BOC may sign official grant applications and commit County funds. In order to have an item accepted by the BOC for consideration, an Agenda Request form and an Executive Summary form must be completed by the Grants Manager. Information to complete such forms must be provided by the requesting party.

The Grants Manager may assist in the preparation of an application, determining the source of matching funds and with the submission of the application.

All grant agenda items for the BOC must be submitted for review at a Work Session prior to being voted upon at the regular bi-monthly meeting. In other words, if a grant application is to be considered on the month's second or fourth Thursday's voting meeting, it must be reviewed at the previous week's Tuesday Work Session. In order to appear on the week's Tuesday Work Session Agenda, an Agenda Request and Grant Synopsis must be submitted to the County Clerk at least 10 business days prior to the Work Session.

Grant Policies & Procedures (continued)

See Attachment A (Example Agenda Item and Grant Synopsis) and Attachment B (application process).

Grant applications that **do not** require matching funds and are time sensitive may be submitted to the Grants Manager for consideration as an **APPLICATION ONLY** grant. If an **APPLICATION ONLY** grant receives an award, the grant award must be presented to the BOC for official approval or denial of funds.

While most grants simply require a motion and vote for approval by the BOC, some granting agencies require a resolution with applications. All resolutions must be introduced at the Work Session prior to the regular board meeting as part of the Agenda Request.

If a grant requires a match, there are two options. First, if the match is already within the budget, the Agenda Request may be submitted indicating the match is already budgeted by identifying the account number for the matching funds. Second, if the match is to be provided from another source not already within budget, the Agenda Request must identify the source of the required match. In any case, the Agenda Request requires an approval signature from the County's Chief Financial Officer prior to submitting the Agenda Item. This signature will be obtained following review of the application by the Grants Manager.

The Grants Manager will present the agenda items at the Work Session but requests that personnel from the requesting department/office/entity be present to answer any specific questions the Board of Commissioners may ask.

REVIEW: Agenda Requests require an administrative review by the Grants Manager. Please allow no less than 5 working days for review of the grant application before it is due to the County Clerk. If timing is critical, notify the Grants Manager of the forthcoming item for special handling.

Note: The Grants Manager will prepare the Agenda Request and Grant Synopsis from the application submitted and will obtain the Finance Director's signature for submittal to County Clerk for review by the County Manager.

III. POST-AWARD PROCEDURES

Forsyth County's Grant Administration Procedures (Post-Award) are separate, yet interrelated, processes: **1) Accepting, 2) Spending, 3) Documenting/Reporting and 4) Close Out.**

ACCEPTING

Once the County has been notified of an award (i.e., an official award letter or grant agreement from the funding source), it is the Grants Administrator's responsibility to notify the Grants Manager. The Grants Manager will then place the grant agreement on the BOC's agenda. BOC must approve all County grant agreements. All awards and assets must be presented to BOC for acceptance.

The legally effective date for grants is the date all parties to the grant execute the document. DO NOT begin a program until the execution is complete, unless the program has a specific term. Incurring expenses prior to the contract award date could lead to failure to be reimbursed or receive funding.

Grant Policies & Procedures (continued)

Budget

If a grant award amount is known during the County's budget process, the Grants Administrator should make sure that the grant funds and matching funds are included in the County's official submitted budget. If the grant amount is not known during the budget process and is awarded, a grant budget amendment resolution should be approved by the BOC to include the grant in the current budget.

If the grant does not have a match, then, as per the adopted budget resolution, the Finance Director can amend revenues and expenditures to reflect the grant agreement. However, if there is a match required, then a budget amendment resolution must be presented and approved by the BOC. This is usually done simultaneously with the approval of the application by BOC.

SPENDING

The Grants Administrator must ensure that all grant-related purchases are in accordance with the rules established by the County's purchasing policies.

Typical grant related expenditures require the use of County Purchase Orders. Each Grants Administrator should read each grant agreement or contract thoroughly to become familiar with the requirements, especially related to procurement. After an item is purchased, it is too late to go back and procure that item properly. The Grants Administrator should contact the County's Procurement Department if he/she has any questions concerning the County's purchasing policies. Expenditures for grants must be documented with the appropriate account and project.

Reimbursement Claims

Most grants are reimbursement style grants in which the agency agrees to reimburse the county a specific percentage of the total cost of the project as long as proper documentation (receipts, invoices, etc.) are provided. The percentage and reimbursement process are typically clearly identified in the Grant Agreement and should be clearly identified in the Agenda Item and Executive Summary.

The Grants Manager will review the reimbursement requests for accuracy **before** the request is sent to the agency for processing. The Grants Manager is responsible for 1) ensuring the claims reconcile to the county's general ledger, 2) recording appropriate revenue and receivable entries, and 3) ensuring compliance with grant requirements for reimbursement claims, including frequency, due date and federal and state financial reporting requirements. This process assists the County in preventing or eliminating any potential negative audit findings and loss of future grant awards.

Reimbursement Claims that require documenting personnel information generally require monthly Payroll Report Certifications (See OMB A-87, Attachment B section 8). It is the Grants Administrator's responsibility to notify Payroll and the Grants Manager when employees will be working on grant related projects either for reimbursement or matching expenditures or when a change in personnel occurs. It is the Grants Administrator's responsibility to ensure that certified monthly payroll reports are accurate and submitted to the Grants Manager.

Once received, it is the Grants Administrator's responsibility to ensure that the employee's direct supervisor certifies the percentage of time an employee spent on the grant activity. In such cases where an employee's time is only partially spent on a grant activity (either for grant

Grant Policies & Procedures (continued)

reimbursement or documented match), it is the Grants Administrator's responsibility to have the Payroll Report certified by the employee.

Once the Payroll Report has been certified by the Employee's Supervisor (and, if necessary, the employee), it is the Grants Administrator's responsibility to submit the report to the Grants Manager for Finance review. Once the report is reviewed by Finance, the Grants Manager will send the Grants Administrator the final Certified grant Payroll Report for the reimbursement claim and reconcile the County's financial system to the information provided in the Payroll Report.

See Attachment C (Reimbursement Process) and Attachment D (Payroll Certification Process).

Advance Payment-Style Claims

An advance payment-style claim occurs when the funding source sends funds to the county or grant applicant before the grant related expenditures are made. Documentation must be provided to the County Grants Manager regarding expenditures from the department/office spending the grant money.

Each Grants Administrator will be responsible for working with the Grants Manager in regards to tracking, documenting, accounting, monitoring, procuring and reporting grant-related activities. The Grants Manager is responsible for ensuring the validity of the information provided by the Finance Department for grant expenditures. This responsibility includes verification of the appropriate fund numbers and grant project numbers. Some monitoring efforts are ongoing, such as the procurement process. Procurement must follow County procedures as well as Federal and State procedures. If any questions exist, the Grants Administrator should call the Grants Manager for assistance or interpretation.

Grant Budget Changes

The Grants Administrator is responsible for adhering to the budget established during the grant award's acceptance. All changes to the project budget must be made via the Budget Adjustment form (located on the County Intranet), approved by the department head, pre-approved by the funding source, and amended in the County's budget before spending can occur. The guidelines for external budget changes are specified by the funding source. The internal County Budget and associated setup in the County's Financial Management System must be current as well as an exact match to the budget approved by the funding source.

DOCUMENTATION AND REPORTING

The Finance Department is responsible for the Financial Accounting System for Forsyth County, and maintains records for each department's grant transactions (or any grant transactions for which the County serves as fiduciary, grant applicant or project funding participant) via the county's financial management system. Through this system, monthly grant transaction reports for each account can be generated. Again, for the purpose of proper and accurate documentation, it is extremely important that departments or other grant applicants use the correct account number in the reporting of their grant-related financial activity. Each department or grant applicant is responsible for working with the Grants Manager in regards to tracking, documenting, accounting, monitoring and reporting grant-related activities.

Reporting In-Kind Matching Contributions

Grant Policies & Procedures (continued)

In-kind matching contributions are the County's non-cash financial obligations needed to complete the grant project, and they must be documented in relation to source and value.

Typically there are 2 forms of in-kind contributions:

1. Salary/Fringe: Payroll (or the grant applicant) will deliver to Grants Administrators a certified payroll report to substantiate employee time spent on the grant project. This report must be certified by the employee's direct supervisor. In such cases where a portion of an employee's salary is being used as an in-kind match or being reimbursed by grant funding, the employee must also certify time spent on the grant activity (OMB A-87 Attachment B, Section 8). Upon certification, the payroll report must then be inter-office mailed or otherwise delivered to the Grants Manager for approval.
2. Supplies: There must be a detailed supply list that includes, type, quantity, and purpose of the materials that are charged against the grant.

Wire/ACH Transfers

It is the Grants Administrator's responsibility to notify the Grants Manager if the County is to receive a wire/ACH transfer from the funding source. The Grants Administrator should provide in writing as much information about the transfer as possible, including the name of the funding source, the dollar amount expected, the date on which the reimbursement request was submitted, the date of the expected wire transfer reception, the project name and the grant number. Typically this information is provided in the reimbursement request and wiring /ACH instructions are available from the Grants Manager.

Handling Grant Revenues

When grant revenues are reviewed by the County, whether in the form of wire transfers or checks, they will be processed by the Finance Department in the same manner in which all other revenues are processed in Forsyth County.

The Grants Administrator is responsible for ensuring that funding agencies deliver reimbursement funds to the Finance Department for Processing or the correct account, if otherwise specified in the grant agreement. This ensures that money is received and recognized according to Generally Accepted Accounting Principles (GAAP).

Programmatic Reports

The Grants Administrator and the Grants Manager will work together to submit all reports that are required by the funding source. Often the funding source requires programmatic reports that do not include any financial information, but instead information that concerns general project activities which will require information from the Grants Administrator. The Grants Administrator must send a copy of all reports required by the funding source to the Grants Manager. If the programmatic report is submitted online, a paper copy of the report must be submitted to the Grants Manager for the County Auditor's review.

IV. CLOSEOUT PROCESS

Different funding sources may require various closeout procedures. The Grants Manager and Grants Administrator must follow the procedures to the satisfaction to the funding source.

The Grants Administrator is responsible for ensuring that the Grants Manager has a copy of all financial documentation for the grant's files. Furthermore, it is the responsibility of the Grants

Grant Policies & Procedures (continued)

Administrator to provide copies of all required documentation to the Grants Manager for the grant audit file.

Each grant audit file must, at a minimum, include the following:

- Grant project number
- Copy of fully executed grant agreement
- Correspondence with funding source
- Original and final grant award amount
- Original and final local match amount
- Expenditures year to date
- Expenditures year to date to be reimbursed (grant receivables)
- Advance payments received year to date
- Reimbursements received year to date (revenues)
- Expenditures year to date as match
- Financial reports (as required by grant agreement)
- Programmatic reports (as required by grant agreement)
- Close-out report and
- Certified Payroll Reports (if applicable)

The Grants Administrator is responsible for collecting and maintaining documentation for a comprehensive grant file in his/her department and submitting a copy of all grant documents to the Grants Manager.

Auditing Process

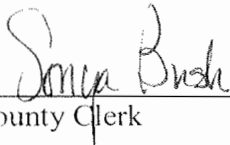

The county contracts with an external audit firm each year to perform an audit on all grant programs. This audit includes a Single Audit (SA) based upon OMB Circular A-128. This audit requires a *Schedule of Expenditures of Federal Awards (SEFA)* for grants received during the audited fiscal year and discloses expenditures for each grant. The SA also includes reports from the external auditor on compliance, internal controls, etc.

Master File Archived

The Department's Grants Administrator must appropriately retain completed grant documents in accordance with Georgia's Records Management Guidelines. Grant records are classified as "vital"; therefore a full copy of the grant file must be maintained by the Grants Administrator. Typically federal and state grant project files should be retained 3 years after submission of final financial report. Federal and state grant final reports are to be permanently retained.

Having been duly adopted this **20th** day of **June 2013** this policy is to remain in effect until otherwise amended by the Forsyth County Board of Commissioners.

Chairman, Forsyth County Board of Commissioners

County Clerk

Grant Revenues

A grant is a multi-defined funding instrument used by the county to subsidize programs and projects that fit within the funding criteria of each respective grantor. Grants are an exceptional way to fund county projects; however, they come with the expectation that all work, including the management of the grant award, will follow the highest standards of the regulatory and budgetary requirements set by the grantor and the county. Failure to comply with such requirements can lead to a loss of goodwill and the return of funds. Inadequate review of the grant proposals or grant awards may lead to spending county funds to support grant projects inconsistent with overall county's strategic direction or may commit the county to spending beyond the grant period.

To ensure grant compliance, the county's Grant Manager manages grant administration practices that are set forth by the county's Grant Policies and Procedures for the application of the grant proposals and the administration of grants awarded to: (1) ensure the efficiency and impact of grant funded programs, services and capital improvements; (2) increase grant revenues; (3) limit the county's exposure to grant related legal liability; and (4) assure grantors and the public that the county achieves grant responsibilities with the highest of standards.

Grant awards listed are guaranteed funds for the 2021 budget and other grant proposals may be awarded throughout the budget year.
