

Forsyth County GIS Department

Minor Plat Checklist

Review

Project Name: _____

Project Number: _____ Date of Review: _____ Ticket #: _____

NOTE:

- Address(es) must be posted in compliance with the Forsyth County Code of Ordinances.
- It is the owner/developer's responsibility to submit this address to the appropriate Post Office.

Remove all references of any "site" addresses and/or the city & zip code from the plat.

All streets must be labeled on the plat.

Access easements, driveways and private roads contiguous with three (3) or more parcels or accommodating three (3) or more addresses shall be assigned a unique road name approved by Forsyth County Engineering.

If there aren't any new parcels to be created and no new parcel numbers to be assigned to the property, then this needs to be clearly written on plan. An example would be transferring or the deeding of land WITHOUT the need for a new parcel.

Clearly identify structures on the property that will be demolished.

All driveways and private roads must be shown to/from all addressed structures.

Label all access easements in their entirety & define easements intended use.
