Forsyth County Department of Planning & Community Development 110 E. Main Street, Suite 100 | Cumming, Georgia 30040 | forsythco.com

FINAL PLAT REVIEW

Cover S	heet Requirements:
	Specify proposed name of subdivision and development stage
	Name(s) of Developer(s)/Owner(s)
	Engineer's/surveyor's name, address, and phone number
	Engineer or surveyor stamp
	Certificates and signatures - UDC Chapter 18-6.4
	 Engineer or Surveyor
	o Owner
	 Certificate of Planning and Community Development approval: UDC Chapter 18-6.4(C): "Pursuant to
	the Unified Development Code of Forsyth County, Georgia, and all requirements of approval having
	been fulfilled, this final plat was given approval by all reviewing departments, with final approval by
	the director, or a designee of the Planning & Community Development Department, the issuing
	authority for Forsyth County. This final plat is entitled to recordation in the Clerk's Office, Forsyth
	County Superior Court, on or after the date as indicated on the Planning & Community Development
	Department approval stamp as found on the cover sheet of these plans."
	Private Streets UDC Chapter 18-9.1 through 18-9.6
	o Document BOC approval date on plan
	 Label private streets
	 Certification UDC Chapter 18-9.5
	Minimum heated floor area per dwelling unit
	Lot width
	Lot size
	Building setbacks
	Maximum lot coverage
	Maximum permitted height (Community Character)
	If exterior buffer included on lot – Note #3 of Table 11.2(b). Note which option on cover.
	If conservation subdivision, note that fencing is not permitted.
	Date of plan and/or revision
	Plans should include an area six (6) inches by seven (7) inches on the front page of each set of plans for
	county and state reviewer's stamp
	Provide a vicinity map drawn to scale showing the position of the site with principal roads
	Note in LARGE BOLD FONT: "ARCHITECTURAL ELEVATIONS REQUIRED"
	Zoning Conditions: Official signed zoning resolution or formal letter (e.g. ZA, CUP approval, etc.) shall be photocopied on plans. Visit the CSS Portal at www.forsythco.com – Planning and Community Development page, for these documents.
	Also note in large, bold font: "Each single-family residential lot shall contain a minimum of two trees,

at least one of which must be located in the front yard. Corner lots shall contain a minimum of three

	trees with at least one tree located in each yard abutting the street. The required trees must be a
	minimum of 2-inch caliper size and be an overstory hardwood species"
	If development is approved for on-site septic: "The necessary septic system components including: a
	settling tank, drain field, and back up drain field must be provided within the boundaries of each
	individual lot."
	Include this statement in bold font: "All structures will comply with the requirements of the Georgia
	State Minimum Standard Codes, as adopted and amended by the Georgia Department of Community
	Affairs. Approval of this permit will not justify any deviation in the Fire Separation Distance
	requirements of the Georgia State Minimum Standards."
	Note that UDC Chapter 21, Articles II-V, Overlay Districts are not applicable: or
	A narrative addressing applicability
	o Provide the following note, if applicable: "The site contains wetlands. The applicant will first
	obtain a wetland alteration Section 404 Permit from the Corps of Engineers prior to disturbing
	any jurisdictional wetlands."
Plat Re	equirements:
П	The plan sheets shall be no larger than 18" x 22"
П	The proposed plan shall be drawn to an engineer's scale of 1 inch = 100 ft. minimum
П	Provide a box of not less than three (3) inches square in the upper left-hand corner which shall be
	reserved for the clerk to append filing information OCGA 15-6-67(b)3
П	Each sheet will contain a title block with the name of the project, graphic scale, and north arrow
Site Pla	an:
	Provide an overall plan indicating all phases of the development; areas reserved for future phases
	Label current adjoining property owner names, zoning districts and PIN numbers
	Label adjoining subdivision names and phase or unit, lot lines, lot numbers
	Delineate and label State waters and Jurisdictional waters
	 50' undisturbed vegetative buffer measured from top of bank
	 75' impervious setback measured from top of bank
	Delineate and label the exterior setback <i>UDC Chapter 11 Table 11.2(a)&(b)</i> ; or <i>UDC Chapter 12 Table 12.2</i>
	for commercial parcels
	Delineate and label all zoning district buffers <i>UDC Chapter 18-10.5</i> ; or as specified by zoning condition
	All approved utility or access crossings must be perpendicular
	If UDC Ch. 11-9.6(J)(2) is utilized, note on Final Plat.
	Add note: "This buffer must remain undisturbed except to supplement sparse areas to County buffer
	standards"
	Or add note: "This buffer may be disturbed and replanted to buffer standards"
	Delineate proposed boundaries including:
	 Bearings, distances and directions Reference to PINS
	Reference to PINSStreet right-of-ways
	> Lot lines and dimensions
	Delineate and label the building envelope for each lot including front, side, rear, and exterior setbacks

	Adjust front build lines to begin at minimum lot width
	Label the square footage of each lot
	Label the acreage of each lot
	Lots must conform to minimum access standards UDC Chapter 18-2.4
	Delineate and label the location, dimensions, and purpose of <u>all</u> easements
	Minimum lot width in feet
	Provide a typical lot layout for lots potentially encumbered by easements, setbacks, riparian buffers, or zoning buffers where minimum home size requirements and accessory structures may be challenging
	Corner Lots – the lot line with the less street frontage shall be considered the front for purposes of designation of the side and rear lines
	Incorporate <u>specific</u> zoning conditions requirement into plat; demonstrate compliance and call out a reference to zoning condition(s) and ZA number
	Delineate and label pavement widths
	Delineate and label all walls, retaining walls, entrance walls
	Delineate and label the location of sidewalks
	Postal kiosk must not be located within the R.O.W.
	Show location of street entrance monument sign(s) and provide an easement if not in a common area:
	o Monuments must be setback 10' from the proposed right-of-way and constructed in accordance
	with the Forsyth County Sign Ordinance and will require a sign permit and a building permit.
	 Street entrance monument sign (if required by zoning conditions)
	 Landscaping must be in place prior to the approval of a Final Plat - UDC Chapter 18-3.1(J)
Provide	e the following for each phase and project total:
	Total number of units
	Density
	Total acreage in road R/W or utility easement if private roads
П	Total acreage in lots
П	Open Space
_	
Open S	pace and Common Areas:
Open S	pace and Common Areas: Total open space calculations - UDC Chapter 11 Table 11.2(A)or(B)
_	pace and Common Areas: Total open space calculations - <i>UDC Chapter 11 Table 11.2(A)or(B)</i> Provide a calculation for each phase as well as the overall project
_	pace and Common Areas: Total open space calculations - <i>UDC Chapter 11 Table 11.2(A)or(B)</i> Provide a calculation for each phase as well as the overall project Stormwater areas may not be included as a part of open space and common area

Any amenity area may count toward the 5% required common area - <i>UDC Chapter 18-5.23</i> Amenities area must be permitted and under construction before the issuance of a Final Plat (<i>see zoning conditions</i>)
	Pace and Common Areas: Total open space calculations - UDC Chapter 11 Table 11.2(A)or(B) Provide a calculation for each phase as well as the overall project Stormwater areas may not be included as a part of open space and common area Total common area calculations UDC Chapter 18-5.23 Provide a calculation for each phase as well as the overall project Residential subdivisions 50+ lots/units: An amenity area is required for a subdivision planned to include 50 units or more. Any amenity area may count toward the 5% required common area - UDC Chapter 18-5.23 Amenities area must be permitted and under construction before the issuance of a Final Plat (see zoning conditions) Active recreation facilities may not be located in the required open space
	Total open space calculations - UDC Chapter 11 Table 11.2(A)or(B) Provide a calculation for each phase as well as the overall project Stormwater areas may not be included as a part of open space and common area Total common area calculations UDC Chapter 18-5.23 Provide a calculation for each phase as well as the overall project Residential subdivisions 50+ lots/units: An amenity area is required for a subdivision planned to include 50 units or more. Any amenity area may count toward the 5% required common area - UDC Chapter 18-5.23 Amenities area must be permitted and under construction before the issuance of a Final Plat (see zoning conditions)

	Common area tracts must be accessible
	Common area must be useable for recreational purposes
Land U	se and Locational Criteria:
	County-Wide subdivision standards – <i>UDC Chapter 11-9.6</i>
	Southeast Forsyth subdivision standards – UDC Chapter 11-9.7(D)
	Single-Family Attached Design Standards – UDC Chapter 11, Article X
	Townhouse regulations - UDC Chapter 16-4.35
	North Subarea Trails
	Setback and visual buffer from Georgia Highway 400 - UDC Chapter 10-1.10 & Chapter 18-10.5(c)
	 Limited Access: 60' building setback; 40' undisturbed buffer
	 Controlled Access: 60' building setback; additional landscaping requirements

Final approval process CSS submittal: Revise the plan to address the issues identified in the plan review comments. When uploading the revised plan, attach a comment response letter or a narrative describing the complete scope of each revision. Please be aware that if all review comments have not been addressed the plans must be re-uploaded and re-reviewed by all required staff reviewers. Remember to provide adequate space for digital stamp approvals on the cover sheet and sign all certifications. Once the project has been approved by all required departments, please download and print eight (8) full sets of the stamped approved plans and deliver them to the Department of Planning & Community Development for final permitting.

<u>Please</u> <u>allow several days</u> following plat approval for the creation of new tax map and parcel numbers, staff will then release the approved plat to the Department of Engineering to be recorded. Staff from the Department of Engineering will notify the contact as listed on the plans.

Note: MONUMENT SIGNS For monuments with signage, details with footing design, etc. are required for the building permit. These details must be reviewed and approved by the Commercial Plan Review division of the Inspection Department.

Note: Building Height: The vertical distance on the front face of a building or structure from the finished grade at the lowest point at the foundation adjacent to the front side of the structure to the highest finished roof surface in the case of flat roofs; or in the case of a gable, hip, or gambrel roof, the mean height between the eaves and the ridge of a gable, hip or gambrel roof.

Field Inspections:

Monument sign is permitted and installed if required by zoning condition
Note: A sign permit is required, licensed contractor is required for installation consult with permitting staff
Site lighting is in compliance with UDC Chapter 16-4.26
Entrance landscaping is installed - UDC Chapter 18-3.1(J) per UDC Chapter 3 definition of landscaped area
Any required buffers are planted
25-50 foot exterior buffer *** UDC Chapter 11; or buffer per zoning condition
Georgia 400 Buffer - UDC Chapter 10
Postal Kiosks - stand-alone units are not permitted within the Right-of-Way

NOTE: Reinforced wall systems necessary for proposed lots after the review and approval of this Final Plat may require a revision to the Final Plat to adjust for building offsets; or the Road Construction plan to address design issues.
