FOR IMMEDIATE RELEASE

RECYCLE ELECTRONICS ON NOVEMBER 15

Over 54,000 pounds of electronics recycled during last event

FORSYTH COUNTY, Georgia – Bring your old electronic equipment to be recycled at Keep Forsyth County Beautiful’s Electronics Recycling Event. This event will be held Saturday, November 15 from 9 a.m. to 1 p.m. in parking lot 3 at the city of Cumming Fairgrounds on Castleberry Road.

You can drop off computers, printers, cameras, cell phones and more. The minimum donation per carload drop-off will be \$5. An additional \$10 fee will apply for all acceptable televisions. Large wooden console and projection televisions will not be accepted.

“We recycled over 54,000 pounds of electronics during KFCB’s recycling event in April 2008,” Environmental Program Manager Tammy Wright said. “This will be our eighth event held exclusively for recycling electronics in Forsyth County. Now is a great time to help the environment by cleaning out the old electronics stored in your garage or closet.”

Visit www.forsythco.com to review a complete list of acceptable and non-acceptable items. To receive additional details, call 770.205.4573.
