FOR IMMEDIATE RELEASE

TEMPORARY CLOSURE OF McCONNELL ROAD

FORSYTHCOUNTY, Georgia – McConnell Road will be closed to through traffic beginning Monday, August 16, to allow for replacement of the existing cross drains at Yellow Creek. The cross drains are being replaced to handle the 100-year flood water flows. The road is slated to re-open Monday, September 6.

“We are appreciative of motorists’ patience while these improvements are made,” Director of Engineering John Cunard said.

The project is funded by the county’s current Special Purpose Local Option Sales Tax program, SPLOST VI.
