**FOR IMMEDIATE RELEASE**

**BRANNON ROAD TO TEMPORARILY CLOSE**

*Project funded by SPLOST VI*

**FORSYTHCOUNTY, Georgia** – Brannon Road will be temporarily closed to through traffic beginning Monday, November 29, as work on improving the road will be underway. The road is scheduled to re-open to through traffic Wednesday, December 29.

The project will raise the grade of Brannon Road as part of the Old Atlanta Road at Brannon Road intersection improvement project. Forsyth County's current Special Purpose Local Option Sales Tax program, or SPLOST VI, is funding the improvements.

“This project is part of our ongoing process of improving transportation throughout the county,” said Forsyth County Director of Engineering John Cunard. “We certainly appreciate the patience of local motorists as we continue to improve travel within Forsyth County.”
