FOR IMMEDIATE RELEASE

PLANT A TREE THIS ARBOR DAY

Free tree seedlings offered by Keep Forsyth County Beautiful

FORSYTHCOUNTY, Georgia – Celebrate Georgia Arbor Day by planting a free red bud or red cedar seedling from Keep Forsyth County Beautiful. A limited number of free tree seedlings will be available Saturday, February 16, beginning at 9 a.m. while supplies last at the three Forsyth County Convenience Centers. Forsyth County Master Gardeners will be at the sites to answer questions and provide planting information.

- Coal Mountain Convenience Center, 3560 Settingdown Road
- Old Atlanta Convenience Center, 3678 Old Atlanta Road
- Tolbert Street Convenience Center, 351 Tolbert Street

“Trees provide a lasting gift to future generations,” said Environmental Program Manager Tammy Wright. “They improve the surrounding area and are good for the environment. We are excited to offer these tree seedlings to residents.”

Those residents picking up a free tree seedling on February 16 will be asked to provide a brief description of the planned location of the tree.

“We welcome residents to keep us updated on the progress of the planted trees by sending us photos or information about how they have enjoyed their trees,” Wright said.
