FOR IMMEDIATE RELEASE

MASON STREET PARKING FACILITY OPEN
IN DOWNTOWN CUMMING

Deck is second of two funded by voter-approved sales tax program

FORSYTHCOUNTY, Georgia – The new Mason Street Parking Facility located near the Forsyth County Administration Building is now open. It is the second of two new parking decks in downtown Cumming that are part of the county’s new courthouse and jail project.

The new five-level, 491-space Mason Street Parking Facility opened for use today and is accessible off of School Street. In addition to the new parking facility, one-hour public parking, handicapped parking, and handicapped van parking is available in the surface parking area on the north side of the County Administration Building.

Please note that crews continue to work on Mason Street and the surface parking area to the east of the County Administration Building, and to complete some finishing touches to the Mason Street Parking Facility. Improvements to School Street are forthcoming as well.

The three-level, 222-space Castleberry Parking Facility at the intersection of Castleberry Road and Maple Street opened for use over the summer. Both parking facilities are part of the new courthouse and jail project funded by the voter-approved Special Purpose Local Option Sales Tax (SPLOST) VII program. The courthouse and jail are slated to open in 2015.
