FOR IMMEDIATE RELEASE

FORSYTH COUNTY ANNUAL REPORTS NOW AVAILABLE

Publications showcase progress in 2014

FORSYTHCOUNTY, Georgia – Citizens interested in learning more about their county government and their fire department can pick up copies of the 2014 Forsyth County Annual Report and 2014 Forsyth County Fire Department Annual Report, which are now available. Both annual reports serve to inform residents about their county and provide information on recent progress and accomplishments.

The 2014 Forsyth County Annual Report provides information regarding the county government's projects and progress in 2014, as well as financial data.

“It is with a great deal of pride we present this annual report as a way to better acquaint our citizens with their county government,” County Manager Doug Derrer said. “We hope this publication serves to not only keep citizens up to date on the progress taking place throughout the county but also to illustrate the many services and programs provided by the county government.”

The 2014 Forsyth County Fire Department Annual Report contains information about the fire department's divisions, stations, apparatus and more.

“The goal of this annual publication is to present an easy-to-read statistical analysis of the precise manner in which the Fire Millage Tax is expended and show graphically where we are today, and plan to grow tomorrow,” Fire Chief Danny Bowman said. “We are very proud to present this report to our citizens.”
